Subject: SLSA Strategic Plan Workshop

SLSA's current [2020 Strategic Plan](#) runs through to 30 June 2020. With this in mind, SLSA is currently in the initial stages of preparing the 'Beyond 2020' Strategic Plan. This is a significant opportunity to have a say in the future strategic direction of SLSA.

Workshops are being held over the coming months in each SLS State Centre to provide a meaningful opportunity for States to have upfront input into the development of SLSA's next strategic plan.

The aim of this workshop and review will be to 'road test' the current SLS Strategic Plan.

The workshop is anticipated to run for 3 hours and capture feedback from SLSNSW's Leadership, Directors and Officers along with Staff and other stakeholders identified by states.

The workshop aims to provide information which will inform the development of the next version of the SLS Strategic Plan. It will provide:

- Validation or suggested changes to the Vision/Mission
- Validation of existing goals and suggestions on new goals and directional ideas
- Input on strategies and success factors to measure them

Information captured will include:

- Key wording changes and suggestions
- Identification of emerging issues that should be considered in future planning
- Key priorities to be explore by SLSA from a state perspective
- Recommendations on text to be removed from the strategic direction
