Subject:	Grant Opportunity –Coffs Harbour Council Grants (closing 27 April 2018)

The **Coffs Harbour Council Community Capital Infrastructure Grants Program 1** are currently open and closes 27 April 2018.

The program aims to assist not-for-profit and community organisations to undertake capital projects that enhance the economic, social, and environmental well-being of the local community. Projects that could be eligible for funding may include new community infrastructure projects, refurbishment of existing infrastructure, projects that build capacity into infrastructure, and innovative projects that serve community benefit.

The pool for this program is \$300,000, whilst there is no allocated grant amount clubs can apply for as it is at the council's discretion, they look to fund substantial projects, rarely under \$10,000.
