

Memorandum

To:	SLSNSW Branches and Clubs
From:	SLSNSW
Date:	18 June 2020
Pages:	1
Subject:	Grant Opportunity – NSW EPA Community Litter Grants (Closing 28 July 2020)

The **NSW EPA Community Litter Grants** are currently open. The aim of the program is to help deliver the NSW Government target to reduce litter by at least 40% by 2020. This is the sixth round of the program.

Funding under this grant program is available in two streams, however stream 1 is best suited to Branches and SLSCs -

- Stream 1 offers between \$4,000 and \$40,000 in funding to local single-community group
- This stream is aimed at community groups who want to act on a locally identified litter issue at one or more location
- Projects in this stream will use proven methods of litter prevention to support the motivation of the community group to reduce litter
- Projects must be completed by September 2021

Please note:

- Resources and approaches provided by DPIE that are proven methods to achieve litter prevention must be used
- Local Litter Checks must be completed on all affected sites for the application and after project implementation
- To make a strong case for funding applicants should use evidence from the completed Local Litter Check and other sources, employ a suitable mix of approaches and achieve value for money
- Engagement with your local council is required
- All applicants must view the webinar that was recorded on 20 March prior to submission (website link below)

Further information and the application form can be accessed from the NSW EPA website:

<https://www.epa.nsw.gov.au/working-together/grants/litter-program/community-litter-grants>

If you would like the Surf Life Saving Foundation Grant Seeking Unit to assist with the writing and submission of an application, or you have any queries in relation to this funding opportunity, please contact one of the following:
