

SURF LIFE SAVING NEW SOUTH WALES

111TH ANNUAL REPORT 2017/18

SURF LIFE SAVING
NEW SOUTH WALES

OUR MISSION

To save lives, create great Australians and build better communities.

Today, Surf Life Saving NSW (SLSNSW) has members across 129 Surf Life Saving Clubs (SLSCs) and 11 Branches who perform thousands of rescues, preventative actions and first aid treatments each year.

The origins of Surf Life Saving can be traced back to the actions of Mr William Gocher who, in September 1902 at Manly Beach, defied the law of the time by bathing during the prohibited daylight hours. As the popularity of surf bathing quickly grew into a national pastime, its dangers became apparent.

Small groups of experienced, regular surfers began to form themselves into lifesaving bodies to help people who needed rescuing from an unfamiliar environment.

As these lifesaving bodies or 'clubs' grew in size and number, the need for a united front to raise money and ask for help from local councils and the NSW Government was identified and the NSW Surf Bathing Association was formed on 18 October 1907. The name of the Association was later changed to the Surf Life Saving Association of Australia, and in 1991 it was changed again to Surf Life Saving Australia.

Surf Life Saving NSW, formerly known as the Surf Life Saving Association of Australia (NSW State Centre) has operated within the state boundaries of NSW to fulfil the mission and goals of the Association since 1907.

Since recording began in 1949 our members have performed over 371,000 rescues.

PATRON'S MESSAGE

“The principles of saving lives, building better communities, and creating great Australians are just as relevant now as they were in lifesaving’s infancy.”

On behalf of the community of New South Wales, I would like to convey my sincere thanks to all surf lifesaving volunteers for their efforts in season 2017/18.

For over a century our beaches and coastal lifestyle have formed an important part of our identity and culture. Surf Life Saving is an iconic and inclusive organisation with a volunteer ethos that is embedded at the very heart of the movement. The principles of saving lives, building better communities, and creating great Australians are just as relevant now as they were in lifesaving’s infancy.

Over the last 12 months more than 6 million people have visited a beach in NSW. They were diligently watched over by surf lifesavers who combined to spend over 660,000 volunteer hours on patrol, which is an incredible effort on the part of those who proudly wear the red and yellow.

The impact of Surf Life Saving is significant - providing opportunities for people to enjoy healthy, active lifestyles and giving a sense of cohesion within local communities.

Of particular note is the amazing Nippers program which has been introducing children to the ocean environment for 50 years. The Nippers are the very future of the movement with the lifesavers of tomorrow learning how to be safe around the water today.

Finally, I would like to take this opportunity to recognise the important contribution that surf lifesavers make to the community, not only through conducting preventative actions and rescues, but also through educating the general public and promoting important skills such as CPR and first aid training. Thank you to Surf Life Saving NSW and all its members for their ongoing contribution to the community of New South Wales.

General The Honourable David Hurley AC DSC (Ret'd)
Governor of New South Wales

MINISTER'S FOREWORD

“I congratulate the organisation on its efforts to educate the community about the importance of water safety.”

I am very pleased to provide the foreword for the 111th Annual Report of Surf Life Saving New South Wales (SLSNSW).

Since taking on the Emergency Services portfolio in January 2017, I have had the opportunity to build a close working relationship with your wonderful organisation.

Surf lifesavers are an integral part of our community and the work that you do both on and off the beach is central to the spirit of volunteerism and is greatly appreciated.

Any death along our coastline is an absolute tragedy and impacts everyone in the emergency service sector. Potentially preventable drownings such as a rock fisher not wearing a lifejacket that could have saved their life are particularly heart-breaking.

Sadly, 39 people drowned along the NSW coast during 2017/18, with a significant number of those occurring some distance away from patrol services.

During the summer peak we also witnessed a spike in drownings with fatalities in the ocean, in rivers and in backyard pools.

The Government's message remains clear and supports the valuable work Surf Life Saving is doing in better educating the community and visitors to our shores: where there is water there is danger. Swimmers should never underestimate the conditions or overestimate their abilities. It is vital that all beachgoers swim between the flags at patrolled beaches.

I would also like to acknowledge the work of my colleague Niall Blair, Minister for Primary Industries, who has been involved in the state-wide roll out of the Rock Fishing Safety Act, as well as championing our \$16M Shark Management Program.

Surf Life Saving NSW plays a key role in a variety of important public safety initiatives, which is why we are pleased to support the organisation with the introduction of trials involving Unmanned Aerial Vehicles and Emergency Response Beacons.

These lifesaving devices reflect the organisation's commitment to new technology and I have no doubt that Surf Life Saving will continue to be at the forefront of drowning prevention innovations in the future.

Finally, on behalf of the NSW Government, I would like to again thank all volunteers from the 129 surf clubs across the state for your dedication protecting beachgoers in NSW.

I congratulate the organisation on its efforts to educate the community about the importance of water safety. The work you do is greatly appreciated, and without it there is no doubt more lives would be lost on our coastline.

The Hon. Troy Grant, MP
Minister for Emergency Services

PRESIDENT'S REPORT

"I am determined that the trust and respect we enjoy within the community will be sustained and our legacy fiercely guarded."

On behalf of the Board of Surf Life Saving NSW I am pleased to present to you some of our amazing achievements in the 2017/18 season.

When I took on the role of President in 2016 one of my key objectives was to ensure the structure was in place to support our great movement to grow and flourish, and to offer our amazing volunteers opportunities and pathways to succeed.

It was essential that we review our strategic direction and an extensive consultation process was conducted across our entire stakeholder base – from branches and clubs, through to individual members, government, corporate partners and supporters.

This process culminated in the release of the Surf Life Saving NSW Strategic Plan 2018-2021 this year, an important document which will help shape the organisation's future.

Underpinning the plan are six core objectives;

- Member Centred - everything we do will be for the betterment and the benefit of our members.
- Embrace Community - we will embrace the changing nature of our communities and become acknowledged as an all-inclusive organisation.
- Position, Profile and Presence - we will actively position ourselves within government, community and media, allowing our presence to be seen everywhere, every time.
- Working Better Together - building a strong and sustainable Surf Life Saving community that talks, respects each other and works together to achieve shared vision, values and goals.
- Strengthen and Streamline - creating a financially sustainable and resilient organisation that continually delivers value through efficiencies and innovation.

- Capable and Ready - ensuring we have the capability and capacity within our life saving arrangements to retain a 24/7 readiness, and to meet the ever-changing needs of our community.

Overall it has been a very successful year for our members who have performed some wonderful rescues, contributed to their communities in so many ways and been outstanding ambassadors for the movement.

One of the things I most enjoy about being President is getting out and talking to the grassroots members who are all passionate about Surf Life Saving.

I was fortunate to attend a number of our Championship surf sports events throughout the season and it was great to see the young talent coming through. These talented members are not only striving for excellence in sport, but are developing skills and commitment to their clubs and Surf Life Saving generally.

Like many volunteer organisations we will no doubt face many challenges over the coming years. Drawing on our proud 111-year history, I am determined that the trust and respect we enjoy within the community will be sustained and our legacy fiercely guarded.

We continue to be extremely grateful for the support of our sponsors and partners.

To ClubsNSW, Envirobank, Midford, and Sharkskin who support our volunteers across a range of programs and to our partners at the national level, DHL, Westpac and Holden, we thank you for your generosity.

I would like to take this opportunity to recognise and thank the NSW Parliamentary Friends of Surf Life Saving. Chaired by the Hon. Melinda Pavey MP and co-Deputy Chairs Adam Crouch MP and Yasmin Catley MP, these enthusiastic supporters of our movement span the political divide.

Our thanks also go to the NSW Government for their continued support of the organisation and for recognising the enormous contribution made by our volunteer surf lifesavers through vital programs such as the \$4M Surf Club Facility Grants program.

I would also like to acknowledge the leadership of our CEO Steven Pearce AFSM and congratulate him on his first full year in the role. Steven and the staff at SLSNSW work incredibly hard to deliver the Board's vision and their dedication and passion is certainly appreciated.

Thanks also to the SLSNSW and Surf Life Saving Services (SLSS) Boards, Deputy President Brian Wilcox and Chairman of SLSS Stephen Bennett and the exceptionally talented Directors for all the hours they put in to focus on a new direction for our members.

Thank you to everyone for your trust to lead the organisation as President and I would like to wish all our volunteers a safe and rewarding season on the beach.

David Murray
President

CHIEF EXECUTIVE OFFICER'S REPORT

“We are iconic, we are proud and what we do makes a difference”

It is a pleasure to present the Surf Life Saving NSW Annual Report for the 2017/18 season and to reflect on what has been a challenging and exciting first year at the helm of this fantastic organisation.

This year saw the commencement of our new three year SLSNSW Strategic Plan and I am very pleased to say that this year has been a successful one for our iconic movement. Unfortunately though, there was an increase in coastal drowning deaths this season to 39; up from the 33 recorded in 2016/17, and slightly above the 10-year average.

I can confidently say that this tragic figure could have been much higher if not for the remarkable work of everyone in the lifesaving community and all our volunteers who contribute their time to protecting the public and saving lives along the coast of NSW.

One of our SLSNSW Belief Statements is “We are iconic, we are proud and what we do makes a difference”, and this was constantly reinforced to me as I have travelled up and down the coast to meet our members.

We have so many talented people within the movement and I am committed to ensuring that everything we do is for the betterment of our members.

Key outcomes that I have focused on in my first year have been to firmly cement Surf Life Saving in the hearts and minds of the people of NSW, the Government and visitors to our shores through our position, profile and presence.

Member psychological and emotional welfare is a priority which we will continue to build on and resource and finally, flexibility in how we operate as a surf life saving organisation, to ensure we meet the changing community and member needs and expectations.

Surf Life Saving NSW is continuing to take a lead role as the peak water safety organisation in NSW and this is a responsibility we take seriously.

We are working closely with the NSW Government and with our colleagues in the emergency services to build cooperative and collaborative operational capabilities and ensure our exceptional skills and expertise can be better utilised in coastal and water based emergencies.

We have retained our ongoing commitment to new and innovative lifesaving technology through the continued roll out of next generation Emergency Response Beacons at a number of trial beach locations. These have already proved to be a lifesaving aid, allowing a rapid deployment of lifesaving assets to the scene of an incident or emergency.

Perhaps our most visible innovations have been in the sky, with continued trials in Unmanned Aerial Vehicles (UAVs). Surf Life Saving drones are now being used in real rescue scenarios, alongside their role in surveillance of sharks and other hazards.

SLSNSW partnered with the NSW Department of Primary Industries (DPI) to deliver a UAV shark surveillance trial on the NSW Far North Coast. It was during this trial that a world-first rescue in January 2018 showcased this potential when Lifeguards from the Australian Lifeguard Service were able to pilot a drone to deliver an inflatable emergency pod to a pair of stranded swimmers at Lennox Head.

The successes we have achieved over the year would not have been possible without the generous support of our major partners. ClubsNSW through Your local club, again provided essential support to both SLSNSW and our local surf clubs. Surf Life Saving Clubs receive immense support from their local registered clubs and the industry itself collectively gives more than \$500,000 to Surf Life Saving every year. The money is used for uniforms, carnivals, aquatic surveillance and patrols and all 129 SLSCs are extremely grateful for this support.

Envirobank has also contributed significantly to both SLSNSW and our clubs and has been helping surf clubs establish an ongoing, long-term source of fundraising revenue through the NSW Government's Return and Earn Container Deposit Scheme.

Finally, I would like to express my thanks to the SLSNSW Board for giving me the opportunity to lead such a fantastic organisation. I want to thank the staff for their dedication and support in delivering such outstanding results across 2017/18, and who are already planning to deliver what will be amazing achievements in the coming year.

Here's to another fantastic season.

Steven Pearce AFSM
Chief Executive Officer

SEASON SNAPSHOT

DIRECTORS

David Murray President

David joined North Curl Curl SLSC in 1993 and has held various positions within the movement including Vice President and President of Sydney Northern Beaches Branch and Vice President and President of his club.

Before retirement he enjoyed a successful business career including owning his own company for 35 years.

David was also a consultant for Australian Private Boards and was the Managing Director of TNS Distribution.

In 2010 he was elevated to Life Membership at his club and was elected President of the NSW Board in 2016.

Brian Wilcox Deputy President

Brian has been a member of the surf lifesaving family for nearly 25 years. He has been heavily involved at both club and branch level including holding the post of President for the last five seasons.

He is a Life Member of Forster SLSC where he keeps his skills sharp as a patrol captain.

Brian is also the holder of 160 surf awards, a passionate jet ski operator, and was elected to the Board of Directors in 2017.

Outside of Surf Life Saving he enjoys a successful business career.

Amanda Higgerson Director of Education (Until May 2018)

Amanda Higgerson is a member of Tacking Point SLSC where she is an active patrol member, an age group manager, and the former Director of Education.

She has also been heavily involved at Branch level and has been a trainer on the Mid North Coast for a decade.

Professionally, Amanda has worked extensively in the education field across the primary, secondary and tertiary sector.

As a PhD candidate she explored the topic "Reducing drowning deaths in coastal waters: An investigation of Surf Life Saving Australia's Junior Development Program."

Amanda took on the role of Director of Education in May 2017.

Trent Thomas Director of Member Services

Trent Thomas has been a member of Maroubra SLSC since 2000. During his time at the club he has been Finance and Lifesaving director as well as serving a three-year-stint as Vice President.

At a Sydney Branch level he has been the Member Services Director since 2008.

Outside of Surf Life Saving he works in the HR industry and has completed a Masters of Human Resources and Industrial Relations.

Trent was elected as the Director of Member Services in 2017.

Stuart Harvey Director of Lifesaving

Stuart is a respected member of the Central Coast Surf Life Saving family having been heavily involved in all aspects for over three decades.

A member of local clubs Copacabana, Soldiers Beach and Avoca Beach at various times he has played an active role at both Branch and State level working tirelessly for the betterment of the movement.

He is currently the Central Coast Branch President, a position he has held since 2009, a State Duty Officer and a Branch Duty Officer.

A recipient of a Meritorious Award For Bravery for his efforts during a 2005 rescue, Stuart joined the Board of Directors in 2017.

Pip Butt Director of Finance (Until May 2018)

Philippa (Pip) Butt is a Chartered Accountant at PricewaterhouseCoopers (PwC). Pip leads innovation for Assurance at PwC following a background in financial statement audit and internal audit.

Pip has a Bachelor of Commerce (Accounting and Management) with the Australian National University, a Graduate Diploma of Chartered Accounting with the Institute of Chartered Accountants Australia and is a member of the AICD.

Pip is an active member of Broulee Surfers SLSC and Queenscliff SLSC, and was first elected to the board in 2013.

Donald van Keimpema Director of Surf Sport

Donald became involved in Surf Life Saving when his children joined Shelly Beach SLSC as nippers in 1992. He has an extensive understanding of surf sports on all levels of competition and coaching (particularly Pool Rescue) as well as broad experience as a former club president.

He started his working career as an apprentice carpenter at the age of 16 years and is now a construction manager for Mojo Homes managing and leading a team of 12 construction supervisors looking after 130 concurrent residential building projects.

In 2018 he was re-elected as Surf Sports Director for a second two-year term.

Steven Pearce AFSM Chief Executive Officer

Steven Pearce is the holder of the Australian Fire Services Medal (AFSM) and has more than three decades of experience in senior roles at Fire and Rescue NSW and NSW State Emergency Services.

After an extensive search for a new Chief Executive Officer, Steven joined Surf Life Saving in NSW in July 2017.

He is an active patrolling lifesaver in the Illawarra.

Steven's focus is on transformational change, through innovation, collaboration and technology.

GOVERNANCE

State Council

The State Council of Surf Life Saving NSW (SLSNSW) consists of 11 Branch Presidents.

Duties

- Elect the Directors
- Inform the Board of significant issues affecting the membership
- Assist the Board design and review SLSNSW’s strategic direction
- Discuss state-wide issues
- Approve any amendments to the Constitution
- Provide feedback to the Board on the results of its governance decisions in practice at the member level
- Meets formally twice per year

The AGM is to be held within the period of six months after the end of the financial year, but is usually held in November. The Election State Council Meeting is held preferably in May.

Board of Directors

President, Deputy President, Director of Finance, Director of Lifesaving, Director of Education, Director of Surf Sports and Director of Member Services.

Duties

- Oversee SLSNSW’s strategic direction and priorities
- Interact with key stakeholders to inform them of achievements and ensuring that they have input into determining strategic goals and direction
- Regularly scanning the external operating environment to ensure that SLSNSW’s strategic direction remains both appropriate and achievable
- Monitor organisational performance and evaluate strategic results
- Ensure financial viability and security of SLSNSW by setting financial governance policies
- Report back to the stakeholders at the AGM
- In accordance with the SLSNSW Strategic Plan, establish the policy framework for governing SLSNSW, from which all operational policies and actions are developed
- Evaluate its effectiveness as a Board of Directors
- Appoint committees, panels, advisers to carry out aspects of their work
- Meets as often as is deemed necessary in every calendar year.
- Rotating 2 year terms for Directors
- President, Director of Finance, Director of Education and Director of Surf Sports shall be elected in each year of even number
- Deputy President, Director of Lifesaving and Director of Members Services shall be elected in each year of odd number

Advisers

As soon as practical after the Election State Council Meeting, the Board may appoint:

- A Lifesaving Adviser
- An Education Adviser
- A Surf Sports Adviser
- A Member Services Adviser
- Or any other Adviser that the SLSNSW Board may consider necessary from time to time and whom need not be members

Role of Advisers

The SLSNSW advisory positions oversee and advise in speciality areas of surf lifesaving, such as surf sports, coaching, education, medical and health.

Duties

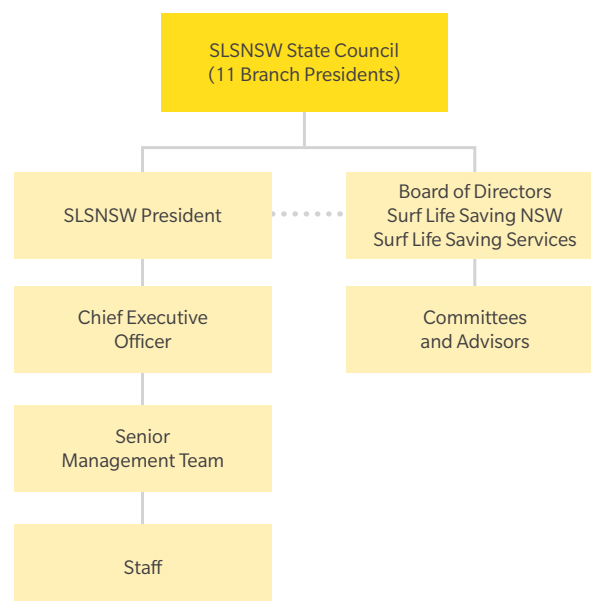

- May be required to attend State Council Meetings (without the right to vote)
- May be invited to attend Board Meetings for specific discussions (without the right to vote)

Standing Committees

- Life Membership and Honours Committee
- The Rules and Constitution Committee
- Meritorious Awards Committee
- Finance and Audit Compliance Committee
- Risk Committee

Appointed or elected for two years or for longer terms by the Board. Other committees may be formed if required and will be appointed by the Board according to the Constitution.

OUR ACHIEVEMENTS

AUSTRALIAN LIFESAVING ACADEMY

“Transforming everyday Australians into lifesavers” remains the core mission of the ALA NSW”

The Australian Lifesaving Academy NSW (ALA NSW) under the Surf Life Saving NSW Registered Training Organisation (RTO ID 90394) has been servicing the NSW and ACT community for over 14 years. 2017/18 was the most successful year yet for the ALA NSW across both First Aid Training and First Aid Services.

As of 30 June 2018 the ALA NSW has now trained 541,374 course participants since its inception in 2004. This is a fantastic milestone to reach, and a credit to all ALA NSW team members both present and past.

“Transforming everyday Australians into lifesavers” remains the core mission of the ALA NSW. The ALA NSW strives to meet this mission through the delivery of effective First Aid Training, the provision of frontline first aid services and water safety at events, and through surf and water safety education programs throughout the state.

First Aid Training

During the past year the ALA NSW experienced solid growth in its First Aid Training delivery. For the period July 2017 – June 2018 the ALA NSW delivered 86,245 awards in comparison to July 2016 – June 2017 when 80,399 awards were delivered, representing a 7.27% increase.

Of the 86,245 total awards delivered during the period, 11,468 were First Aid awards, and 47,285 were CPR awards. The remaining 27,492 comprised of Education and Care First Aid, the Department of Education (DoE) Anaphylaxis course, Emergency Care, Advanced Resuscitation, Spinal Management, Junior First Aid, Advanced First Aid, Remote Area First Aid and accredited Asthma and Anaphylaxis.

In the period from July 2017 – June 2018 the ALA NSW offered 380 public first aid courses at 24 different locations across NSW and the ACT. The ALA NSW increased the course offerings at public courses to include Low Voltage Rescue and the Occupational Skill Set.

The ALA NSW also included additional course dates at Campbelltown, North Sydney, Blacktown and Wollongong to provide more First Aid courses for community and club members in these areas. The ALA NSW is looking at opening new public course locations in Tweed Heads, Blue Mountains, Bathurst and Ulladulla over the next 12 months.

On completion of the initial two year contract with the DoE for the provision of first aid, CPR and Anaphylaxis training for NSW school staff, the ALA NSW was offered a 12 month contract extension, the first of three possible extensions.

The ALA NSW currently trains at over 1,600 NSW schools; an increase of over 50 schools between July 2017 and July 2018.

The ALA NSW is an endorsed provider of QTC Registered Professional Development with the NSW Education Standards Authority (NESA) (formally known as Board of Studies Teaching and Educational Standards NSW). This endorsement encompasses all NSW teaching staff including Early Education Staff. These staff are required to complete a minimum 50 hours of NESA registered professional development over a five year period, which provides the ALA NSW with significant business potential.

On completion of training with the ALA NSW, teaching staff are invited to provide feedback and an overall rating out of 5 for a number of factors relating to their training, such as effectiveness of training and learning experience. The ALA NSW is sitting at an average of 4.65/5 from over 2,000 evaluations.

Other significant developments within the ALA NSW's training operations over the past 12 months include securing a training partnership with Department of Parliamentary Services for the delivery of First Aid Training for a three year contract term.

AUSTRALIAN EVENT SAFETY SERVICES

The ALA NSW has also increased First Aid Training delivery with key clients such as Westpac, Jemena, AVEO, Pacific Smiles Group, Bunnings and UNE Partnerships Pty Ltd.

The ALA NSW (Trading as Surf Life Saving NSW) also became an approved AED Panel Service Provider on The Local Sport Defibrillator Grant Program which allocates \$4M over four years to assist sporting clubs across NSW in the purchase and maintenance of Automated External Defibrillators (AEDs) for their club or sports facility at a reduced cost.

During the past year the ALA NSW achieved significant growth in the Academy Trainer Team. The ALA NSW now has nine full time Academy Trainers which is the largest full time trainer complement in the ALA NSW's history. The ALA NSW currently has a pool of 87 casual and contract trainers across NSW and the ACT. All Academy Trainers were offered professional development opportunities throughout the year, including Provide Pain Management and Occupational First Aid Skill Set.

In January 2018 the ALA NSW equipped all full-time trainers with the latest generation of Little Anne manikin, the QCPR Little Anne manikin. Little Anne QCPR helps instructors improve CPR training quality and efficiency in their courses, while adding a fun and engaging element for students that promotes learning and motivation. With objective feedback and scoring, learners are motivated not only to compete with one another, but also to try to beat their own best score. The competition element makes training more engaging and interactive and has been demonstrated to improve motivation.

ALA NSW milestones since inception in 2004:

- Over 134,000 First Aid certificates delivered
- Over 266,000 CPR certificates delivered
- Over 35,000 Emergency Care certificates delivered
- Over 14,000 people trained in Accredited Asthma & Anaphylaxis
- Over 11,000 (Junior) school students trained in Junior First Aid and Basic Resus
- Over 7,000 HLTAID004 certificates delivered
- 43,221 NSW School Staff trained in the new NSW DoE Anaphylaxis Course since January 1, 2016

Academy Trainer Manager

It has been another year of growth for the Australian Event Safety Services (AESS) team. Our overall service provision has increased by 17% in 2017/18 which can be attributed to our professional approach.

The AESS continues to provide first aid, aquatic rescue, and risk management services to a varying NSW client base. Our client base continues to grow in the following sectors; schools, sporting groups, production companies, cultural and community groups, festivals, as well as government organisations.

The AESS would like to thank the staff for their commitment and professionalism during the year. They are always looking to complete development opportunities that enhance their skill base, qualifications and ensure they are ready to respond to any emergency situation.

The AESS would like to thank our clients for ongoing positive relationships and also surf clubs for their ongoing support during the season. The AESS looks forward to furthering these partnerships in 2018/19.

Andrew McIvor

Australian Event Safety Services Manager

EDUCATION

“This season we saw the implementation of the second year of Surf Life Saving NSW’s three-year Black Spot Drowning Prevention Program.”

Community Education

2017/18 saw the implementation of the second year of Surf Life Saving NSW’s three-year Black Spot Drowning Prevention Program. The program utilises evidence from coastal safety briefs, behavioural insights research and coastal risk assessments to drive strategies that will reduce drowning in NSW.

As part of this program, our focus in community education is on educating groups from Western Sydney and from culturally and linguistically diverse (CALD) communities, whilst working with branches to help them build sustainable community education delivery models. Key outcomes from these projects in Year 2 included:

- Reaching over 2,150 participants in Western Sydney through our subsidised theory and on-beach practical programs (50 % increase from 2016/17), plus an additional 1,050 through community events.
- Reaching over 22,500 participants from CALD communities through our subsidised theory and on-beach practical programs, and partner community events (367% increase from 2016/17).

Through a new partnership with Study NSW, Surf Life Saving NSW now has a regular presence at the International Student Welcome Desk at Sydney’s International Airport, educating new arrivals on beach safety. An extension of this program saw a group of international students trained by Surf Life Saving NSW as Beach Safety Advisors, enabling them to volunteer for Surf Life Saving NSW on the International Student Welcome Desk as well as participate in and assist with the delivery of beach safety days to the wider CALD community.

Our Beach to Bush program continues to be popular, delivering surf education to thousands of students living 50km or more away from the beach. The sponsorship of this year’s program by Your local club and the Cancer Institute NSW enabled us to reach over 8,600 students this year across 50 schools in rural and regional NSW.

Working closely with our Media & Communications team, we have continued to support our Coastal Accommodation Network (a network of coastal accommodation providers throughout NSW) with the provision of resources, dangerous surf warnings and a regular e-newsletter. Through this network, we aim to raise awareness of beach safety among visitors to coastal locations, ultimately reducing the incidence of rescues and drowning in these locations. 2017/18 saw the introduction of increased support for accommodation providers in drowning black spot locations, with free beach safety and CPR awareness training and temporary safety signage being provided to participating providers.

Working with Transport for NSW, 2017/18 also saw the promotion of multi-lingual beach safety messaging on key routes on Sydney buses and trains, as well as at stations.

Member Training and Education

Surf Life Saving NSW provides quality training and education at more than 129 locations in NSW ensuring its members are equipped with the essential skills and knowledge to perform their lifesaving duties. The training and education framework has been established to allow members to remain proficient in the awards and qualifications they have received.

Throughout the 2017/2018 season, we have continued to reinforce our established relationships with our interstate counterparts, industry peak bodies and Service Skills Organisations (SSOs).

This year saw some significant changes within the Vocational and Education (VET) sector, in particular to the Certificate IV in Training and Assessment. These changes have resulted in upskilling requirements for endorsed Facilitators in the areas of adult language, literacy and numeracy skills and the design and development of assessment tools.

All members with training and assessing responsibilities have been provided with access to meet these new credential requirements by the April 2019 deadline.

With the continued support of more than 1,000 endorsed Trainers, Assessors and Facilitators, we delivered and issued 11,000 awards to our members across NSW this season.

Ongoing support was also provided for the delivery of Training Officer courses across the state, with four courses for members supported in the Far North Coast, Sydney, Central Coast and South Coast. These courses qualified 44 new Trainers to assist with training delivery this season.

Minor learning resource updates were completed for the changes to the labels of EpiPen® and EpiPen® Jr adrenaline (epinephrine) autoinjectors as well as the Australian and New Zealand Committee on Resuscitation (ANZCOR) Guideline for Management of Bleeding.

As part of our commitment to providing the best learning experience for members, we continued to support the traditional and flexible training delivery methods including Surf Rescue Certificate, Bronze Medallion and other lifesaving and First Aid awards. The flexible training delivery allows candidates to complete the theory and online assessments at their own pace prior to attending the practical sessions. Thousands of candidates completed their training through the flexible learning pathway this season.

Surf Life Saving’s Federal Government VET funding was also confirmed in September 2017. The objectives of the funding are: to support the upskilling of Trainers, Assessors and Facilitators; to support Chief Training Officers; to enhance support for the recruitment and retention of those involved in Education; and the updating of technology to further reduce the administrative burden on our volunteers.

Registered Training Organisation (RTO)

The level of commitment displayed by our members and staff who are responsible for training and assessment is clearly reflected in our Learner and Employer Surveys with consistent positive feedback received from both commercial participants and Surf Life Saving NSW members.

We sincerely thank our dedicated trainers for their professionalism and the high quality of delivery and assessment services they continue to offer.

This year, we discontinued delivering the Certificate IV in Training and Assessment through our RTO scope due to the associated risk factors. To ensure our members have access to ongoing learning opportunities, we continue to deliver training through our interstate counterparts and partner RTOs.

As part of our ongoing quality assurance strategy, we completed the validation for all standalone units of competency from the HLT Health Training Package.

In 2016, SLSNSW made a commitment to implement the Unique Student Identifier (USI) scheme for our commercial participants to ensure the relevance and competitiveness of the training services we provide. During the 12 month period from 1 January-31 December 2017, we successfully collected and validated 88% of our participants' USIs, enabling over 37,500 of our clients to view their qualifications on their online national transcript, along with all other nationally recognised training completed with other RTOs.

FUNDRAISING AND PARTNERSHIPS

“Surf Life Saving New South Wales has again had a successful year in partnership with various supporters, helping us achieve organisational objectives through generous investment into the movement.”

Grants

Over the past 12 months, the Grant Seeking Unit (GSU) which sits within the Surf Life Saving Foundation (SLSF) continued their tremendous support services for all NSW based surf clubs and branches. The GSU's main focus is to research appropriate grant opportunities from private trusts and foundations and relevant government agencies, communicate this information via state entities to clubs and branches and to offer grant writing support and grant seeking advice to surf clubs when assistance is requested.

The GSU has enabled Surf Life Saving clubs to gain grants; monetary, equipment or program based, that otherwise would have taken some time to acquire. The GSU has further upskilled many members with the ability to formulate professional grant submissions through their advice and guidance. In 2017/18, on behalf of NSW surf clubs and branches, the GSU assisted and lodged 90 grants seeking funds of over \$6 million.

Fundraising

As an organisation that serves the community, SLSNSW often relies on generous contributions and donations from members of the public to provide core lifesaving services across the state's coastline. The positive impact of charitable donations and fundraising dollars from the community cannot be underestimated. To assist with the financial sustainability of all NSW surf clubs, SLSNSW works closely with the Surf Life Saving Foundation to raise funds on a national scale that are distributed back to the 11 branches and 129 surf clubs. In working with the Foundation, SLSNSW ensures a larger market is tapped into and reliance on members to fundraise is lessened.

The Foundation conducts both raffles and lotteries and also national campaigns. Raffles and lotteries encourage sales for big ticket items such as property as well as cash prizes. The Foundation further manages national campaigns where members of the community are encouraged to give in a time of need and asked to commit to ongoing donations. In 2017/18, the SLSF raised over \$800,000 for Surf Life Saving NSW clubs and branches through major prize draws and targeted appeals such as Be a Lifesaver, Tax Time Appeal, Australia Day Appeal and Christmas Appeal.

Aims for the Future

Looking towards the 2018/19 Financial Year, Surf Life Saving NSW plans to focus on the following areas:

- Continuing relationship with Surf Life Saving Foundation by working together and liaising on a variety of Surf Life Saving fundraising programs for the benefit of all surf clubs;
- Continue to grow the involvement and engagement between SLSNSW clubs and branches and the Grant Seeking Unit, capitalising on current success to deliver a higher application rate;
- Increasing the SLSNSW partnership portfolio and creating sponsor properties outside the traditional assets that have been sold;
- Building partnerships with third party events and suppliers to increase SLSNSW fundraising opportunities and public presence as a charity in need;
- Create exciting and innovative fundraising opportunities that are beyond the stock standard 'tin rattle'.

STATE PARTNERS

Your local club

ClubsNSW

ClubsNSW is the peak industry association that represents the not for profit registered club industry in New South Wales. There are over 1,400 clubs spread across metropolitan and regional areas including Bowling Clubs, RSL and Ex-Services Clubs, Sporting and recreation Clubs, Cultural Clubs, Religious Clubs and Community and Workers' Clubs. ClubsNSW is the major partner of Surf Life Saving New South Wales, their involvement includes the naming

rights partner of the NSW Surf Life Saving Championships, supporting Partner of the Envirobank Country Surf Life Saving Championships and supporting partner of the Beach to Bush educational program.

ClubsNSW further manage the ClubGRANTS whereby surf clubs can apply for multiple grants related to education, programs, front line services and capital works with many surf clubs receiving significant funds from this program over the years.

Envirobank

Envirobank is Australia's leading supplier and distributor of innovative recycling technologies. An Australian-owned company that's committed to achieving positive environmental and social impact by incentivising bottle and can recycling.

With the implementation of the Container Deposit Scheme, surf clubs have been given the opportunity to raise money simply by asking members to start collecting

eligible drink containers and donating these to their club. For every eligible container collected and recycled through Envirobank, a 10 cent refund is entitled.

Envirobank has further supported SLSNSW through naming rights partnership of the 2018 New South Wales Country Surf Life Saving Championships.

Sydney Wet 'n' Wild

The 2017/18 season of Sydney Wet 'n' Wild Nippers was again delivered as part of an ongoing partnership between Wet 'n' Wild Sydney and SLSNSW. The program aims to engage and educate young children on beach and water safety and awareness in an environment they may not have had exposure to being residents of Western Sydney. With 170 participants and 30 Age Managers, we hope to increase participation in the coming years.

Midford

Midford is the official apparel supplier of SLSNSW, supporting our major sports carnivals through the provision of rash vests and event apparel, as well as supporting our development teams with custom team apparel. Since 1946, Midford has been a trusted and favoured supplier of quality school and team wear.

Cancer Institute NSW

The Cancer Institute NSW is part of the NSW Government Health Department. One of their key goals is to reduce the incidence of skin cancer in NSW. The Cancer Institute NSW supports SLSNSW through sponsoring the Beach to Bush educational program whereby SLSNSW presenters incorporate sun safety messages into each and every presentation.

Sharkskin

The Sharkskin brand was founded in Australia by the owners of Neptune-Sports to address the need for divers to stay warm during and after a dive. In 2018, Sharkskin teamed up with SLSNSW and specifically the Sharkskin IRB Premiership Season to ensure all IRB competitors are kept protected from the elements whilst competing.

Lake Macquarie City Council and Dantia

As an event partner for the State Championships whilst they are hosted at Swansea-Belmont, the support received from both Lake Macquarie City Council and Dantia is immeasurable. From Chamber of Commerce support, monetary contribution and value in kind through the use of heavy duty vehicles, the championships are ensured to run smoothly with the operations and expertise shown from both parties.

Kempsey Shire Council

As an event partner for the Country Championships for the last three years at South West Rocks, local support from Kempsey Shire Council ensures the uninterrupted execution of this major event. Providing SLSNSW with both monetary and value in kind support allows the event to successfully proceed.

Dolphin

Dolphin Surf Craft is one of the largest surf craft manufacturers in Australia, producing custom handmade craft for elite competitors of Surf Life Saving competitions. Dolphin provides clubs across NSW with discounted rescue boards accessible through the SLSNSW Lifesaving Equipment Grant each year.

Energy Locals

SLSNSW has partnered with Energy Local to create a unique energy plan where customers can access great energy deals, as well as see a portion of their bill go towards SLSNSW and help contribute to frontline lifesaving services at no extra cost to the consumer.

NATIONAL PARTNERS

DHL

DHL is the global leader in express, overload transport and air freight and is the world's number one in ocean freight and contract logistics. DHL supports SLSNSW through the provision of patrol uniforms and monetary support to each of the 11 branches in the state.

Holden

Holden

In 2018 SLSA announced a new partnership with automotive heavyweight Holden. Holden has been a part of the fabric of Australian society since the 50s. Holden's sponsorship supports frontline services, public safety messaging and education programs nationally. Holden further provides discounted rates to vehicles used for front line services and operations.

Westpac

Westpac has been proudly partnering with Surf Life Saving Australia for 42 years. In what is the longest corporate community partnership in Australia, Westpac has supported the Westpac Lifesaver Rescue Helicopter Service (WLRHS). The oldest civilian search and rescue service in Australia WLRHS has performed more than 70,000 missions nationally.

BRP

BRP provides in-kind support by providing all-terrain vehicles and rescue water craft for use at the NSW Surf Life Saving Championships. BRP also assists SLSNSW through the BRP Surf Life Saving Grant which delivers ATVs and RWCs to clubs and branches at a reduced price.

Coates Hire

Coates Hire is the Naming Rights Partner for Surf Life Saving Australia's iconic annual event, the Coates Hire Coolangatta Gold. Through their delivery of event infrastructure and equipment they are able to bring national events like The Aussies to life.

Dulux

Dulux Australia has continued with the Surf Club Project which aims to help protect and preserve some of Australia's most important and iconic buildings from some of the world's most severe weather conditions. Through the Surf Club Project, which commenced in 2014, Dulux donated 100 litres of paint every year to every club throughout Australia. So far, 200 clubs have participated and been repainted.

GOVERNMENT ENGAGEMENT & PEAK BODY REPRESENTATION

Surf Life Saving NSW would like to extend our thanks to the NSW Premier and the NSW Government for supporting our operations, services and programs through the following grants which enable us to further our charitable purpose.

NSW Office of Sport

Surf Club Capital Facility Development Grant

The Surf Club Capital Facility Grant was established 13 years ago to assist SLSCs develop their facilities to increase the usage, safety and participation in Surf Life Saving and the use of Surf Life Saving facilities by the general public, community groups and club members.

In June 2017, the Premier of NSW, the Hon. Gladys Berejiklian MP, announced that this grant would be doubled from \$2m to \$4m per year. In addition, clubs that had previously received the maximum amount of funding under this grant would be able to reapply for new grants.

NSW Office of Justice - Ministry for Emergency Services

Co-operative Funding Agreement

In 2016/17 the NSW Government recommitted funding for SLSNSW through the Co-operative Funding Agreement for the next three years. The renewal of this support was announced by the Minister for Emergency Services, the Hon. Troy Grant MP.

Enhanced Rescue Capability Grant

We are grateful for the NSW Government continuing to support volunteers through the Enhanced Rescue Capability Grant. This grant provides vital funding for infrastructure and equipment which supports the delivery of Surf Life Saving Services in NSW. Through this grant SLSNSW is able to fund the delivery of the Coastal Radio Network, lifesaving gear and equipment, branch support operations, critical incident mental health support and new technology such as the rollout of mobile tablet devices to assist volunteers on patrol with data collection and compliance.

Federal Government

On behalf of NSW Surf Life Saving Clubs, we would like to thank the Federal Government for funding through the Beach Safety Equipment Fund which directed \$10,000 in 2017/18 in the final year of the 5-year program, to every surf club for the purchase of vital rescue equipment, first aid and medical supplies.

Government Engagement

NSW Parliamentary Friends of Surf Life Saving

SLSNSW would like to again thank The Hon. Melinda Pavey MP for providing both the stewardship and tremendous support as Chairperson of the NSW Parliamentary Friends of Surf Life Saving, along with our co Deputy Chairs, Mr Adam Crouch MP and Ms Yasmin Catley MP. SLSNSW is incredibly fortunate to have the support of all political parties, which only enhances our members' ability to protect their communities. What makes this group so special is that many of our Parliamentary Friends are lifesavers themselves, with many more non-coastal MPs providing equally encouraging support. As such, SLSNSW would like to acknowledge and thank all Parliamentary Friends for their ongoing commitment to our members.

Political representation at events

Surf Life Saving NSW would like to sincerely thank the NSW Premier, The Hon. Gladys Berejiklian for officially opening the 2017/18 NSW Surf Life Saving Patrol Season at Maroubra Beach on 22 September 2017. We would also like to thank The Hon. Troy Grant MP, Minister for Emergency Services, for attending numerous SLSNSW events and announcements, including the 2017 Awards of Excellence. Special thanks also to The Hon. Niall Blair MP who announced an historic partnership between the NSW Department of Primary Industries (DPI) and Surf Life Saving NSW for trials of UAVs for coastal surveillance. Thank you also to the State MPs and the Mayors of Kempsey Shire Council and Lake Macquarie City Council who supported our Country and State Championships.

Shark Management Strategy

SLSNSW, the Australian Lifeguard Service (ALS) and volunteer lifesavers from the Far North Coast Branch supported the NSW Government's Shark Management Strategy with Australia's largest coastal Unmanned Aerial Vehicle (UAV) program which involved UAV surveillance flights over nine separate locations from 16 December 2017 to 29 April 2018. To enable this program to be the success it was, approximately 120 lifeguards and lifesavers were trained as pilots and collectively they flew more than 1,450 flights. During this program, two of the ALS lifeguards successfully performed a world first UAV rescue of two swimmers in distress at Lennox Head which generated worldwide interest. SLSNSW would like to thank the NSW Government and the NSW Department of Primary Industries for their collaboration and support, and specifically would like to thank The Hon. Ben Franklin for his vision and committed support for this program on the NSW North Coast.

Peak Body Representation on Government and Industry Advisory Groups, Reference Groups and Committees

In recognition of our peak body status, Surf Life Saving NSW was represented on a number of Government and industry-based committees, reference and advisory groups in 2017/18.

New South Wales

Surf Life Saving NSW has representatives on the following state-based committees and groups:

- The NSW Water Safety Advisory Council, which consists of Government agencies and members of not-for-profit organisations focussed on preventing drowning and committed to water safety education and awareness.
- The NSW Safer Coastal Waters Sub-Committee, Marine Stakeholder Consultative Group, State Marine Rescue Consultative Committee and Rock Fishing Working Group.
- Sport NSW (NSW Sports Federation) whose mission is to lead NSW sport in building relevant, healthy communities.
- The Austswim NSW State Advisory Committee, which is the state industry body for the teaching of swimming and water safety.
- The Marine Consultative Meeting for the Bureau of Meteorology (BOM), which comprises agencies such as Marine Rescue NSW and Transport for NSW.
- The Emergency Services Spatial Information Group (ESSIC), which is run by the Emergency Information Coordination Unit (EICU) through the NSW Land and Property Information Department.
- Regional Marine Rescue Sub-Committees, Regional Rescue Committees, Regional Emergency Management Committees and Local Emergency Management Committees across the state.
- The NSW Crown Holiday Parks Trust – Community Advisory Committee.
- The Recreational Vessels Advisory Group (RVAG) (NSW Maritime) comprises representatives of peak recreational user groups, including Yachting NSW, Australian Power Boat Association, NSW Rowing Association, NSW Water-ski Association and Boat Owners' Association of NSW as well as representatives from Marine Rescue NSW and NSW Police.

National

Surf Life Saving NSW has representatives on the following committees:

- Australian Standards Committee CS-093 - AS 2416 Water Safety Signs and Beach Safety Flags
- A trust member on the Committee for the National Monument for Fallen Lifesavers
- SLSNSW adheres to the guidelines of the Australian Resuscitation Council NSW.
- The Emergency Management Professionalisation Scheme (EMPS) which comprises representatives from all state and national emergency services developing professional pathways on behalf of the Australasian Fire and Emergency Services Authorities Council (AFAC).

International

The International Lifesaving Federation (ILS) is the world authority for drowning prevention, lifesaving and lifesaving sport. The ILS leads, supports and collaborates with national and international organisations engaged in drowning prevention, water safety, water rescue, lifesaving, lifeguarding and lifesaving sport.

Surf Life Saving NSW has representatives on the following ILS committees:

- International Lifesaving Federation Rescue Commission
- International Lifesaving Federation Rescue Operations Committee

Surf Life Saving NSW is also represented on:

- The International Standards Committee TC 145/SC 1 – ISO 20712 Water Safety Signs and Beach Safety Flags

SLSNSW CEO Steven Pearce; the Hon. Niall Blair MP; the Hon. Ben Franklin MP, MLC and SLSNSW President David Murray

LIFESAVING SERVICES

“NSW Lifesavers again consistently focused on delivering key safety messages such as the importance of swimming between the flags.”

The 2017/18 season saw a total of 72 patrol days conducted by our clubs and members. A total of 11,972 first aids were recorded with one resuscitation recorded every four days of patrol.

There were a combined total of 4,377 rescues which resulted in an average of 61 rescues conducted every day of patrol across the state.

In addition to the rescues, there were 145,464 recorded preventative actions for the season or 2,020 preventions carried out on every patrol day.

With the introduction of the new SLSNSW Strategic Plan, we were gifted a great opportunity to commence a review of our lifesaving operations.

The outcome of these reviews will ensure we are applying best practice for all our operations to ensure our position, profile and presence are maximised from a local through to an international level.

NSW Lifesavers again consistently focused on delivering key safety messages such as the importance of swimming between the flags. There appears to be a shift in the way the public access the beach with many people choosing to swim outside the flagged area. Going forward this is an issue we will need to consider when planning our operations.

Lifesaving Operations

Through the continued support of the Office of Emergency Management, SLSNSW acquired funding to support the branches and clubs with the purchase of essential lifesaving equipment worth more than \$300,000 through the Lifesaving Equipment Grant.

Another \$104,000 was provided to branches to assist them with beyond the flags operational costs. These grants help support our capability and capacity to help ensure we are resourced and can respond both on and outside the flags.

This season we celebrated the 10th Anniversary of the Lifesaving Exchange Program with 19 clubs represented. The program engages current and future patrol captains between the ages of 18 and 25 by exposing them to a variety of lifesaving experiences at new and unfamiliar locations.

Following the successful completion of the program, Hamish Christie and Lewis Warne were selected to attend the New Zealand Exchange at the Intermediate Lifeguard School where they participated in advanced training.

Our Rescue of the Month program experienced growth with multiple branches submitting nominations. The Rescue of the Year went to Moruya SLSC and FSC Support Operations team for their valiant efforts in saving four lives during a tragic event.

We need to acknowledge EVERY rescue is notable and the bravery and selflessness that our volunteers show in risking their lives for another needs to be commended. Every life matters.

December 2017 saw the continuation of trials of Unmanned Aerial Vehicles (UAVs) in the Far North Coast (FNC) through the NSW Department of Primary Industries' Shark Management program. The FNC Branch, volunteers and ALS lifeguards are commended on their enthusiasm and professionalism in ensuring a successful trial operation.

There were some great lessons learnt and initiatives that have helped forge a pathway for UAVs to be imbedded within Surf Life Saving operations. By embracing technology, we were able to achieve the world's first drone assisted rescue in January 2018.

In December Samsung tablets and the Patrol Ops App were rolled out for all 129 clubs in NSW. This was the initial step in a trial towards improving administrative processes, and to provide an avenue to record improved data and statistics.

A wide range of feedback was received and the lessons learnt were processed and documented for the developers to continue work on the product to ensure the App meets SLSNSW requirements. This will enable a smooth transition into next season and beyond with the goal of paperless patrols.

It was another busy season for the Surf Emergency Response System (SERS) which received 588 requests for assistance from emergency services.

The Surf Life Saving Coastal Radio Network has increased its state-wide capacity with the commencement of the migration from analogue to digital radio in the Central Coast region.

The move towards a paid staffing model for the State Operations Centre (SOC) in September 2017 proved successful. A high priority has been ensuring our operators have the skills and training to deliver a professional service to our members and key stakeholders.

Finally we would like to acknowledge and thank our wonderful surf lifesavers for their incredible work both on and off the beach. Without their contribution our organisation would not be able to deliver the outstanding outcomes it does.

Matt du Plessis
Lifesaving Manager

Stu Harvey
Director of Lifesaving

AUSTRALIAN LIFEGUARD SERVICE (NSW)

“It is pleasing to see our partners continuing to recognise the value of the service we provide to their communities as we work together to reduce drownings.”

It is with great pride that I present to you the Australian Lifeguard Service NSW (ALS NSW) Annual Report for the provision of professional lifeguard services during the 2017/18 season. Over the past 12 months the ALS NSW has continued to make significant improvements towards our operations and contracts across NSW, and it is with pleasure that I have the opportunity to outline some of the key achievements on behalf of the ALS NSW team.

Contracts and Service Partners

The past year has seen the ALS NSW retain contracts with MidCoast Council (formerly Greater Taree City and Great Lakes Councils), Bega Valley Shire Council, Munmorah State Conservation Area, Parramatta City Council and Tweed Coast Holiday Parks.

A noticeable achievement and significant gain for water safety in NSW were the extensions of service in the MidCoast Council region. The extension at Boomerang Beach in the new service contract will provide greater patrol coverage for residents and visitors to this popular holiday destination.

It is pleasing to see our partners continuing to recognise the value of the service we provide to their communities and continuing to work with us to achieve one of our key strategic objectives – the reduction of drowning in the NSW community.

The ALS NSW would like to thank all council and contract partners for recognising the importance of providing quality professional lifeguard services to their local communities and visitors. The ALS NSW looks forward to continuing to provide a high level of service to all contract partners, a number of partnerships which have now been in operation for over 30 years.

Internal Management Operations

The 2017/18 season saw the ALS NSW undertake re-certification in the Quality Management System (ISO 9001:2015). Part of this re-certification process was also an opportunity for the ALS NSW to look at other opportunities to improve business practices. The ALS NSW has always had strong and robust WHS systems in place however these have never been externally scrutinised or certified. It was decided that as part of the ISO re-certification process we would also seek to gain certification in AS/NZS 4801:2001 OH&S Management System.

This process was undertaken so that the ALS NSW could ensure that policies and procedures not only met, but in the vast majority of cases, exceeded the standards set out in this certification. This provides our contract partners but more importantly our lifeguard staff with the confidence that they are working for a company that treats WHS as its number one priority. I am pleased to report that these certifications have provided great benefits across the entire business unit and we will continue to look at ways in which we can improve upon these systems during the 2018/19 season.

Lifeguard Operations

During the 2017/18 season lifeguards were required to be diligent at all times as more than 5M people visited our patrolled locations across NSW. Across the season 370 employed lifeguards completed over 99,000 patrol hours, conducted 922 rescues, undertook more than 354,000 preventative actions, and performed approximately 7,385 first aid treatments.

As previously stated the past season saw more than 5M people visit our patrolled locations. The ALS NSW continues to pride itself on being proactive rather than reactive and the strongest indicator of this was once again the high number of preventative actions that were undertaken by lifeguards. This proactive approach has seen a significant reduction in the number of rescues and first aid treatments when compared to the 2016/17 season, despite approximately 300,000 more people attending our beaches in NSW.

ALS NSW lifeguards on the Far North Coast were also at the forefront of an exciting and ground breaking trial during the 2017/18 season. Lifeguards were tasked by the NSW Department of Primary Industries (DPI) to provide Unmanned Aerial Vehicle (UAV) flights across nine different locations during a five month trial into the effectiveness of UAVs to identify marine creatures, provide greater patrol coverage at patrolled locations and capture a range of data. This trial was a resounding success and resulted in a world first rescue utilising UAV technology at Seven Mile Beach, Lennox Head.

On behalf of the ALS NSW I would like to thank all the lifeguards during the 2017/18 season for the professionalism they exhibited and the enthusiasm they continue to show towards their roles.

Looking Ahead

The ensuing 12 months will see a number of contract terms conclude with some of these contracts being affected by the recent council amalgamations in NSW. One of the major benefits proclaimed during the amalgamation process was that the amalgamations would provide enhanced service delivery and savings through the reduction of duplication to each community. The ALS NSW is looking forward to working alongside these newly formed councils to explore, through tender processes, ways in which we would be able to extend services to each council's respective community.

Once more the ALS NSW thanks all our contract partners, SLNSW branches and clubs for their ongoing support. We look forward to continuing to build on these strong relationships and the foundation that has been forged over so many seasons.

Brent Manieri
ALS NSW Manager

MEMBER SERVICES

“Surf Life Saving NSW delivered a number of key member development programs this year, each targeting a specific area of the membership base to help develop skills.”

The Member Services team has worked closely with members throughout the 2017/18 season to deliver on a number of key initiatives. Total membership for the year was 75,164, showing membership has remained stable from the previous year.

Our Active Membership has declined 2.9% with a total of 20,278 patrolling members and Junior Activity membership rose 0.4%, with 28,289 members participating in Surf Life Saving activities over the summer season.

Clubs and branches have undertaken a number of initiatives and found smarter ways to engage their volunteer membership base, and in return have reaped the benefits of satisfied and passionate members. We thank all our volunteers both on and off the beach for working to deliver a safe environment for the community to enjoy.

Development Programs

Surf Life Saving NSW delivered a number of key member development programs this year, each targeting a specific area of the membership base to help develop skills.

Junior Lifesaver of the Year Program (JLOTY)

At the 2018 Junior Lifesaver of the Year program 22 finalists (one male and one female winner from each branch) came together and participated in physical challenges, presentations and discussions, activities and scenarios that require leadership, teamwork and communication. Five facilitators also supported this program which was held at the Collaroy Centre in April 2018 with Sophie Burns (Elouera SLSC) and Oscar Crowe (MacMasters Beach SLSC) ultimately named as the Junior Lifesavers of the Year.

Youth Opportunity Makers Program (YOM)

This program engages our 15-17 year old members and is geared towards creating greater awareness of opportunities for our young lifesavers through personal development, increasing members' understanding of current issues, pathways and opportunities. This year saw 29 participants take part in the program, which was coordinated and delivered by five key facilitators.

Development Networking Program (DNP)

The Development Networking Program is an annual event targeted at young lifesavers in the 18-25 age bracket who have been identified by their clubs and branches as future leaders. During the three-day program the group networked, participated in workshops, focused on personal development and learnt about governance within the movement. This season we had 23 participants attend the program, with five facilitators taking on the coordination role.

National Leadership College 20-30 years

The National Leadership College is a week-long intensive training course focused on guiding participants aged between 20-30 years in finding their own leadership style. The focus of the College is for participants to develop skills and capabilities that will enable them to play a key role in the future of the SLS movement. We had eight SLSNSW members selected to participate in the program.

Club Sustainability

Projects such as the Club Guide, the Quality Club Program and the Club Sustainability Program enable and support continuous improvement across the organisation, with the aim of continuing to build sustainability within our clubs.

Versions 4.5 and 4.6 of the Club Guide were released on the website this season, providing clubs with a centralised resource for vital information about club operations.

Participation in the Quality Club Program continues to provide significant benefits to clubs, with 35 clubs registered to participate this season. Eighteen of these clubs are aiming for Bronze, 13 aiming for Silver, and 4 are aiming for the Gold level. Congratulations are extended to all these clubs for their dedication to continuous improvement and work to ensure ongoing sustainability.

The 2017/18 season saw the third year of implementation of the Club Sustainability Program across the state. Club Sustainability Reports are completed for every SLSNSW club and those clubs who need greater support, as identified through these evidence based health indicators, are provided with more guidance and advice in an effort to empower them to operate effectively into the future. These reports take a whole of club approach and include data from administration, membership, education, lifesaving and sport.

In 2017/18 SLSNSW offered club and branch executive members the opportunity to gain valuable leadership skills around good governance and best practice in managing club operations. Through our state partnership with ClubsNSW, a Surf Life Saving specific course was created and delivered free of charge to club and branch executives to equip these members with the right tools and knowledge to effectively carry out their important role. Nine branches participated in this training during the 2017/18 season, with two branches to complete in the coming year.

Recruitment / Retention / Recognition

Membership & Education Trailers

The Membership and Education trailers were revamped this season to enable clubs and branches to access the latest information and resources when engaging in promotional activities, open days and recruitment drives. There are three trailers available for club use, and these are a great resource that can be booked, free of charge.

Surf Club Open Day

The annual Surf Club Open Day was held on Sunday 15th of October 2017, with 97 clubs opening their doors to the public to promote and showcase surf lifesaving within their local community. This event gave clubs an ideal opportunity to recruit new members both on and off the beach, enabling them to join the Surf Life Saving community in their local town.

This year we saw clubs and branches deliver a range of activities as part of this day including lifesaving demonstrations, clubhouse tours, barbecues, displays and rescue scenarios giving the community a genuine feel for the challenges and excitement of surf lifesaving. A number of promotional giveaways, collateral and planning resources were provided to clubs to support local events, all of which were well received.

Awards of Excellence

The SLSNSW Awards of Excellence was held on the 5th August 2017 at the Hilton Sydney, recognising the outstanding achievements and contributions of members from across all areas of Surf Life Saving. This event saw 340 members and supporters come together to be recognised across 20 award categories. Special congratulations to Jock Campbell from Wanda SLSC who went on to be awarded the National Coach of the Year, Jake Lynch from Newport SLSC who was awarded the National Athlete of the Year and to Jemma Smith from Umina Beach SLSC who was awarded the National Young Athlete of the Year in the 2016/17 season. The 2017/18 SLSA Awards of Excellence winners will be recognised in the 2018/19 Annual Report due to the timing of the event.

The Member Services team worked to recognise members in a number of external recognition awards including NSW Community Sports Awards, Premier's Volunteer Recognition and NSW Sports Awards. Congratulations to all members who were named as finalists and winners in these external awards.

Junior Engagement

Surf Life Saving NSW continued to support our junior members, working with clubs to develop our future lifesavers. This year SLSNSW financially supported four branches in conducting their leadership and development programs which focus on networking and building their self-esteem and confidence in a supportive and safe environment. The feedback that branches received from these programs has again been fantastic – congratulations teams.

Sydney Wet 'n' Wild Nippers

The 2017/18 season of the Sydney Wet 'n' Wild Nipper program saw 168 Nippers from the U6-U13 age groups participate in a 16 week season, running from the 15th October 2017 – 25th February 2018.

The program is designed to foster not only a love of water but also to teach skills that will help keep children safe in an aquatic environment. Children participated in a wide range of physical activities including wading, board paddling and beach games as well as a variety of games and sports. Educational activities included beach safety, sun safety as well as focussing on what a lifesaver is and what they do to keep communities safe.

SLSNSW members from various clubs again supported the program by taking on Water Safety and Age Manager Assistant roles. Sixteen clubs provided support, with a total of 800 hours of support being provided by their members during the program.

Inclusion

In June 2018, 24 members from across NSW participated in the SLSA Inclusion and Accessibility Forum which consisted of insights from existing club programs, industry professionals, strategic direction workshop and guest speaker panels. Members had the chance to share their knowledge and skills and contribute towards the newly launched page on the SLSA website sharing best practice and resources as well as access to the SLSA Inclusion Toolkit for clubs.

As we move into the 2018/19 season, aligning our work with the new SLSNSW Strategic Plan, we thank all members who have volunteered their time to support Surf Life Saving. We are a broad and diverse movement, and our successes are due to the amazing members who work hard throughout the season to ensure that members are engaged and supported.

This year we thank Kate Higginbotham who led the Member Services team at the season start, and welcome Claire Bevis who has stepped into the Membership Manager role for the end of the 2017/18 season. We are looking forward to working closely together, and with clubs and branches in the year ahead.

SURF SPORTS

“The 2017/18 season has been a positive one for surf sports in NSW, with continued success in event delivery and the NSW Team regaining the Interstate title for the first time in three years.”

2017/18 has been a positive one for surf sports in NSW, with continued success in our event delivery and culminating with NSW securing the overall Surf Interstate Trophy for the first time since 2014/15. There were several key initiatives this year such as the inaugural Best of the Best Surf Boat Interbranch event being conducted and NSW Country fielding an Open age team in the Interstate Championships for the first time. In a unique state-led initiative, NSW chaired and drove the planning and delivery of an inaugural Youth Pathway Cup event which saw U14 and U15 athletes from five states converge for a solid day of interstate competition, with NSW’s “Baby Blues” sealing victory.

Once again, a huge thank you must go out to the coaches, officials, water safety, first aid and powercraft personnel for their contribution to ensure a competitive environment for our members, not just at state events but at all levels of our iconic organisation from club to national events.

With the adoption of SLSNSW’s Strategic Plan for 2018 – 2021 the following snapshot is a blend of the current and former key objectives.

Athlete Pathways

- To foster the development of our state surf sport teams and athletes
- To invest in sporting pathways to ensure sustained participation
- To offer diverse sport and recreational pathways to people of all abilities

Our strategic priority of Active for Life continues to be supported through quality development programs, representative teams and other pathway opportunities.

NSW representative teams have once again enjoyed good results in very competitive environments. Our representative calendar started with the IRB Interstate team placing third at Australian IRB Interstate Championships at Cudgen Headland in July 2017. The Pool Rescue Interstate Team claimed second overall at the Australian Pool Rescue Championships at SA Aquatic and Leisure Centre held in August 2017.

In January 2018, the NSW Surf Interstate Team travelled to Moana Beach in South Australia and came away with first place in the overall point score. In addition, NSW Country fielded an Open team for the first time and placed a very creditable fourth place.

The following week, the NSW Youth Pathway Cup team competed at Freshwater Beach on Australia Day and held off Youth teams from Queensland, Western Australia, Victoria and South Australia to win the inaugural trophy on home sand.

The NSW Surf Boat Interstate Team claimed first place (by way of a countback) in the Surf Boat Interstate at Elouera in February 2018, extending an era of dominance in surf boats and rounding out the State representative season for 2017/18.

Coaches and Officials Pathways

Coaches and officials are essential parts of the surf sports pathway, supporting athletes to develop and provide opportunities for participation and performance at all levels of the sport.

On behalf of athletes, SLSNSW would like to acknowledge and is grateful for, the contribution of the many members who continue to work tirelessly behind the scenes, often without accolades or reward in the role of coach and/or official. The sport of lifesaving simply could not function without these critical support roles.

Over the past few seasons, various levels of the National Coaching Accreditation Scheme (NCAS) and National Officiating Accreditation Scheme (NOAS) have been rolled out progressively as the new framework comes online.

The following is a summary of the current number of accreditations under the new frameworks.

NCAS*	Number of Coaches
Foundation Coach	10
Development Coach **	79
Performance Coach	7
Total	96

NOAS*	Number of Officials
Core Official	23
Senior Official	32
Technical Official	134
Total	189

* **Note 1:** Statistics exclude awards under old framework such as Level 1, 2 and 3 Official and Coach Awards. Going forward, SLSNSW will report on the new framework as members awards are transitioned when reaccreditation is completed and new coaches and technical officials gain their awards.

** **Note 2:** Development Coach is only counted once per person. I.e; a member may hold a Development Coach – Ski and Development Coach – Board, but will only be counted once.

Surf Sports Events

SLSNSW presents a suite of sporting events that are relevant and contemporary. This includes; a State Championship event for Pool Rescue, IRB, Board Riding, Interbranch and Surf Boat Interbranch as well as the traditional and largest participation based events of Country and State (Age, Masters and Open). Thanks must be given to our many host clubs and councils.

SLSNSW revamped the Best of the Best Surf Boat Challenge as an 'inaugural' Surf Boat Interbranch Championship; featuring all eight divisions of surf boats. Branches got behind this initiative and despite relocating twice, the event was considered a success.

On Australia Day, in partnership with Freshwater SLSC and Sydney Northern Beaches Branch, SLSNSW staged the inaugural U14 and U15 representative opportunity known as the Youth Pathway Cup. This event brought five states together for an intense day of competition and set the foundations for a legacy event, supporting the development of our youngest talent into the sky blue of NSW.

Thank you to South West Rocks SLSC and Kempsey Shire Council who have supported the NSW Country Championships from 2016 – 2018 as the event relocates to the Far North Coast next year. Thanks again to Swansea Belmont SLSC, Dantia and Lake Macquarie City Council for the successful staging of the 2018 NSW Surf Life Saving Championships – Proudly supported by Your local club. Following on from a challenging return to Swansea Belmont in 2017, the weather was far more favourable this year and saw excellent competition conditions over nine days. We are thrilled that our key partners have extended their support to include the 2019 edition of the state's premiere surf sports showcase.

Finally it is important that Richie Lytham OAM is acknowledged in his role as Surf Sports Adviser to SLSNSW as he has decided that now is the right time to step back and focus on other priorities. Among his many responsibilities, Richie was responsible for the procurement and maintenance of the surf sports gear and equipment assets that many competitors and officials take for granted. Richie has been a stoic advocate for surf sports and provided many officials, Directors of Surf Sports and staff with support over his long, respected tenure.

MEDIA & COMMUNICATIONS

“As the digital media landscape continues to overtake many traditional media forms, the Surf Life Saving brand needs to be increasingly prominent and accessible across all platforms. “

Each year the importance of delivering accurate information to members, the public, media and government continues to grow. Brand positioning is also important as we protect and build on the iconic status Surf Life Saving enjoys as an organisation.

We continued to develop relationships with all our key stakeholders and major partners, including Surf Life Saving Australia, state and federal governments, media outlets, emergency services agencies, sponsors and the general public.

Promoting Our Message

The Media and Communications team has continued to deliver a diverse range of publications and supported multiple communications initiatives and platforms in the online space.

Throughout the financial year more than 200 media releases were distributed to the mainstream press. All operational portfolios received attention with content syndicated widely in print media, on television networks, and across all major radio stations state-wide, despite the challenges of a rapidly consolidating media landscape.

After a review of our publication strategy in 2017, we made some key changes. Our corporate magazine *SurfLIFE* continues to be published quarterly and made available online. Our member's magazine *Beyond The Flags* has now become a monthly e-newsletter. This means our members are receiving information on key programs, activities and achievements of our volunteers more regularly. The design of the weekly online *Club Mail* has also been refined.

We are continually striving to provide clear, accessible, accurate and timely communication to the membership.

In September 2017 we released the second *NSW Coastal Safety Report*. The document comprehensively reviews and assesses the current and historical coastal drowning data as well as gives an overview of the state's Surf Life Saving assets and capabilities. It has been widely shared with our stakeholders and well received by media.

New Website, New Era

Additionally, all content created was published on the refreshed Surf Life Saving NSW website. After 18 months of development, the site was launched in late 2017 with the intention of making our content more accessible to various audiences.

With the ratio of mobile device users increasing significantly over desktop users in the last two years, it was crucial we created a website that was fully integrated and responsive with mobile phones and tablets to suit the changing behaviours of our audiences.

Key Events

The media team has been involved in co-ordinating a number of significant events and activations over the last 12 months.

Our flagship event, Raising the Flags, incorporated the season launch which was hosted by Maroubra SLSC in September 2017. The event received widespread media attention and was attended by the NSW Premier who officially launched the new patrol season.

We again partnered with the Newcastle Herald and KOFM to provide extended coverage of the 2018 NSW Championships hosted by Swansea Belmont SLSC and the event was again showcased on Fox Sports over a four hour finals highlights package. We also bid farewell to the Country Championships at South West Rocks after three years.

Digital and Online

As the digital media landscape continues to overtake many traditional media forms, the Surf Life Saving brand needs to be increasingly prominent and accessible across all platforms.

Engagement continues to be the most highly valued metric across digital media, and over the last year on Twitter we experienced a 26.9% increase. Our Facebook account recorded 5.6 million impressions and 316,000 total video views, while Instagram had a 12.4% increase in total impressions. LinkedIn also experienced great organic reach and engagement which was followed by a 41% increase in followers.

Overall it has been a fast-moving and rewarding year for the team. Going forward we will continue to focus on strong digital growth and engagement across all our platforms, within our membership and with the wider community.

BRANCH REPORTS

FAR NORTH COAST

The 2017/18 season was another successful one for our clubs across the Far North Coast. I would like to acknowledge all members for their passion, vigilance and commitment both to Surf Life Saving and the wider community.

Achievements

Maalik Moston (Lennox Head-Alstonville SLSC), Oliver Sharpe (Lennox Head-Alstonville SLSC), Kalani Ives (Yamba SLSC), and Lily O'Sullivan (Cudgen Headland SLSC) were selected for a Junior Development Program in Sydney.

Five branch members were selected for the Country to City Life Saving Exchange Program 2018. Hayden Kydd (Fingal Rovers SLSC), Lewis Warne (Cudgen Headland SLSC), Sage Nara (Brunswick SLSC), Kate Blunn (Evans Head-Casino SLSC), Jack Graham-Jones (Ballina Lighthouse & Lismore SLSC). Lewis was later selected for the New Zealand exchange program.

Jack Breen (Lennox Head-Alstonville SLSC) and Paris Brailsford (Yamba SLSC) were the Far North Coast Junior Lifesavers of the Year.

The Far North Coast Branch played a key role in the publication of the first Thai Lifesaving Manual.

Stage Two of the Shelly Beach SLSC facility upgrade was formally acknowledged with the unveiling of a special plaque by Tamara Smith MP. The work was funded by a NSW Government grant through the Community Building Partnership program.

Ballina Lighthouse & Lismore SLSC and Evans Head-Casino SLSC also successfully received NSW Government grants to help with upgrading their facilities.

In July 2017 Cudgen Headland SLSC staged the Australian IRB Championships.

Our Far North Coast team performed brilliantly to top the Country standings (fifth overall) at the 2017 Interbranch Championship.

There was a number of amazing performances at the Envirobank Country Championships by our clubs with Cudgen Headland SLSC (first) and Byron Bay SLSC (third) on the podium.

Maisie Miller and Nathan McKenzie (Lennox Head-Alstonville SLSC) were chosen for the inaugural NSW team to contest the Youth Pathway Cup.

The Cudgen Headland SLSC duo of Lily O'Sullivan (3 gold) and Olissa Onley (2 gold) performed strongly at The Aussies in Perth. Our club members returned with an amazing haul of 36 medals.

Teenager Riley Green epitomised what Surf Life Saving is all about when he assisted an elderly woman into the surf for her first swim in more than a year.

Sadly we lost a number of members over the year who all leave a lasting legacy for our movement. Vale Colin Hadwell, Max Godbee, Kenneth "Poppy" Jones, Tod Martin and John Woods.

Acknowledgments

We have a strong and dedicated core of volunteers, administrators, and supporters.

The Branch Executive of Elton Cummings, Andrew Dougherty, Geoff Horsey, Debbie Pawsey, and Chris Samuels are a dedicated, hardworking and unified team.

Special mention must also be made of our Emergency Services Officer, Jimmy Keough, whose performance all season can only be described as magnificent.

Our thanks to Newcastle Permanent for their ongoing support of Surf Life Saving. Without this assistance we would not be able to function as efficiently as we do.

The greatest thanks however are reserved for our volunteer surf lifesavers. Again you have performed above and beyond expectation. That you do so without thought of reward or acknowledgment underscores the contribution.

Behind the scenes are many people who contribute to the success of Far North Coast Surf Life Saving. Thanks to the administrators, partners, families, sponsors, politicians at all levels of government, supporters, officials, juniors, emergency services, Ballina Jet Boat, and of course the public in general.

We would like to wish everyone all the best for the 2018/19 patrol season.

Wilson Cregan

NORTH COAST

It was another successful season for Surf Life Saving North Coast and our affiliated surf clubs with no lives lost at our North Coast patrolled beaches. This is due to the dedication of our members and support operations teams.

Achievements

All carnivals held within the Branch were well attended and competitors continued to do well at the major carnivals with a larger number of competitors attending the Envirobank NSW Country Championships held at South West Rocks this year. Results were credible at the State Championships and Sawtell's James Hill gained our first ever Australian Board Riding gold medal.

The North Coast Team again performed admirably at the Interbranch carnival at Stockton beach in December 2017.

Wayne Scott (Wheelie) who had been the Director of Surf Sports for many years was the Branch Official of the Year and went on to be named the NSW Official of the Year and then represented the State at the Australian Awards of Excellence.

I would like to congratulate the members of Bellinger Valley-North Beach on hosting the Branch Championships. They haven't held a carnival for many years but they rose to the occasion and worked hard together to make it a most enjoyable day.

Director of Education Sue Neil and her fellow trainers conducted the Junior Development Camp with great success. Thank you to all the Branch trainers and assessors who put in the extra hours to improve the standard of education in the branch.

Congratulations to Tobias Fluechter from Woolgoolga SLSC and Grace McCormack from Coffs Harbour SLSC who represented the North Coast Branch at the NSW Junior Lifesaver of the Year Development Camp.

Our branch was well represented at the other development programs run by SLSNSW. We had three attendees at the Youth Opportunity Makers program, Joel Ruttiman (Woolgoolga), Ethan Striegner (Woolgoolga) and Holly Foster (Sawtell). Patrick Mullan (Woolgoolga) was also a facilitator for the Junior Lifesaver of the Year and Youth Opportunity Maker's Program held in Sydney.

Acknowledgments

I would like to acknowledge our major sponsor Newcastle Permanent Building Society for its ongoing support. The company continues to be a great supporter of Surf Life Saving on the North Coast which allows us to fund many of our core activities.

With several new faces on our clubs' leadership teams next season, I would like to take this opportunity to thank outgoing Presidents. Darren Shaw (Bellinger Valley-North Beach SLSC), Paul Ninness (Coffs Harbour SLSC) Mitanne Doughney (Red Rock-Corindi SLSC) and Leanne Stuart (Sawtell SLSC). Thank you for all your tireless work as you have done much to ensure that the future of your clubs are in strong hands.

Thank you to the Surf Life Saving Directors and their partners for your commitment and dedication in supporting our membership and the North Coast community. The branch would also like to thank the Directors and staff at SLSNSW who are always there to support us.

The future of North Coast Surf Life Saving is a team effort and I understand that there are many contributors - club executives, officers, officials, club members, families, supporters, sponsors, politicians and local government. I thank you all for your continued support and would also like to wish all clubs and members the best for a very enjoyable and successful season in 2018/19.

MID NORTH COAST

It's been another busy and successful summer for our eight surf clubs situated in the Mid North Coast Branch. This season our 2,528 members performed 214 rescues, administered 409 first aid treatments, and proactively conducted more than 4,000 preventative actions.

Achievements

The branch was represented by the Port Macquarie pair of Lecke Frost and Sophie Oakeshott at the 2018 Junior Lifesaver of the Year Development Program held in Sydney. Both these juniors capped off their Nipper careers with this significant achievement, and are amazing role models and a credit to their clubs, families and themselves. They are a testament to the quality of the juniors moving their way forward in Surf Life Saving and give us old hands confidence in the future of our great movement.

It's been a busy year for surf sports locally. We sent a team to compete at the Interbranch Championships held at Stockton Beach where they performed to a high level ending the competition ninth overall.

Some of the strong Interbranch performances included Jaydn Rossiter who took gold in his Beach Flag event, Finn Askew won the U17 Surf Race, while Ty-Jesse Byrant claimed the team's third gold in the U14 Board Race.

Mid North Coast clubs recorded some positive results at this year's Envirobank Country Championships particularly in the overall point score. Congratulations to Port Macquarie SLSC (7th), Tacking Point SLSC (10th) and Wauchope-Bonny Hills SLSC (11th) for all their efforts. It was pleasing to see the commitment, teamwork, and passion of all the athletes.

While on the subject of the Country Championships, South West Rocks SLSC hosted the event this February for a third straight summer. It concludes a 3-year successful period of hosting for the club with the Championships moving to Kingscliff SLSC from 2019. I would like to take this opportunity to acknowledge the efforts of the organising committee, and the local surf lifesaving community for their ongoing support in staging an event of this importance.

Acknowledgements

First I would like to acknowledge the efforts of all our members. No matter whether you're a patrolling lifesaver, an aspiring Nipper, or a hardy veteran all of you play a crucial role in our organisation.

The branch simply could not function without our members who fulfil the many roles within our clubs and my thanks to everyone for another job well done.

Our club Presidents have faced some challenges during the past season and I commend them all for their continuing dedication.

To my fellow branch directors across all the portfolios I would like to send out my sincere thanks for your efforts. Every decision you make is for the betterment of the movement as a whole and it's a pleasure to work with such dedicated and committed people.

Finally, our thanks to Surf Life Saving NSW Directors and staff, Kempsey Shire Council, Nambucca Shire Council and Port Macquarie Hastings Council who have afforded various financial and in-kind support throughout the 2017/18 season. Council has been particularly supportive of the Envirobank NSW Country Championships with Mayor Liz Campbell a familiar presence at our event.

We would like to wish all of our fellow surf lifesavers all the best for another season on patrol.

Rod McDonagh
Branch President

LOWER NORTH COAST

Congratulations to all members of Surf Life Saving Lower North Coast for a successful 2017/18 season with no lives lost on our patrolled beaches.

Our six clubs, from Crowdy Head SLSC in the north to Pacific Palms SLSC in the south, have once again shown the dedication needed to maintain the high standards required to keep our beaches safe during patrol hours and provide support services to save lives through our emergency callout system.

Achievements

Our club houses are used by many community groups within our area as a meeting point for social activities and meetings, and this should be encouraged as a way of keeping us and our communities firmly engaged.

One of our most important jobs is running our Nipper and youth programs. By educating our kids and keeping them active we keep them, and their family and friends, safe in the surf and hopefully put them on a pathway of physical activity and community participation. We also gain most of our patrolling members and supporters from Nipper parents.

Our education teams in clubs and the branch have worked hard again this season facilitating 2,428 awards. The awards gained have spanned the whole education program and it is particularly great to see the core awards of 39 Bronze Medallions and 50 Surf Rescue Certificates issued.

Surf sports and competition is still in transition from club level right up to national level. The challenges are many due to the changes in society, most importantly, people have less time for leisure and they place a greater value on their time which is resulting in less participation overall.

Our Support Operations and club call out teams have once again put in many hours doing extended search and rescue operations in our branch and also Mid North Coast Branch with not always the positive result that we seek. The dedication of these teams to give up their time to help with rescue or recovery operations is really inspiring.

Congratulations to Matthew Pieschel (Crowdy Head SLSC) and Abby Mulligan (Cape Hawke SLSC) on being named the Lower North Coast Junior Lifesavers of the Year. The pair travelled to Sydney for the annual development program where they conducted themselves with great distinction.

Acknowledgments

I would like to thank the Branch Executive team. To Paul Scott (Deputy President) and my fellow directors Julie Wilcox (administration), Jim Tyrpenou (finance), Nathan de Rooy (lifesaving), Terry Aldridge (surf sports), Janne Moran (education); the education team of Brendan Pieshel, Greg Irving and Bernadette Nicholson, and Lorraine Morgan (youth and member services) for all of their hard work throughout the season.

Thank you to our local, state and federal political friends, and also our national and state sponsors for their support of our clubs and the wider organisation.

To SLSNSW and SLSA we certainly appreciate your support for our clubs and all the events and programs that you run for the benefit of our members.

Our clubs simply wouldn't exist without you the members, and I would like to extend my appreciation for all your hard work in keeping the Surf Life Saving movement strong and relevant in our 21st century communities.

We are looking forward to helping our clubs and members meet their goals in 2018/19.

HUNTER

It gives me great pleasure to report on another successful season for the Hunter Branch. I would like to congratulate our 7,194 members from the area's 13 clubs for their efforts protecting our beaches.

Achievements

Our traditional Hunter Branch Awards of Excellence recognised outstanding members. This year was no exception with everyone from Junior Lifesavers of the Year to Heroes of the Surf and Lifesaver of the Year honoured. Truly we have produced some outstanding accomplishments over the 2017/18 season, and for that the members must be congratulated.

During the surf sport season Hunter Branch staged a number of well-attended carnivals.

Stockton SLSC hosted the NSW Interbranch Championships last December and there was much joy for the Hunter team who ended a 20-year-stranglehold on 4th spot to finally stand on the podium in third place.

The future looks bright for the team with the Hunter Development Squad formed last winter for our talented athletes as an initiative to benefit our young team.

Other major events to take place across the branch included Swansea Belmont hosting the NSW Championships in March for the second straight year.

Stockton SLSC and Caves Beach SLSC hosted rounds of the IRB Premiership Series. Three rounds of the Streets Boat Series took place in the Hunter, and Tea Gardens-Hawks Nest SLSC hosted the combined North Coast and Streets Surf Boat Series Championships.

Results wise; our athletes secured 191 state medals, and 31 medals at the Australian titles.

The club visits to induct Patrol Captains for the season have proved very important for succession planning, professionalism and 100% attendance. This early education on Job Description and latest updates each season has seen a good retention of members.

For the sixth year Hunter has 100% participation in the Platinum Quality Program, this has seen an increase in governance standards for club management.

The introduction of Central Venue Assessments has also seen a lift in quality and consistency of training in all clubs and we developed a second tier Education Team.

Youth Development conducted two camps this season with a great response, resulting in a Youth program designed for the 2018/19 season.

None of this could be achieved without the support of our sponsors Newcastle Permanent Building Society for 40 years, Streets and McDonalds. Their support allows us to assist all 13 clubs financially with vital rescue gear.

In exciting news, 2018 marks the 100th anniversary of the formation of the Hunter Branch and we're looking forward to celebrating this important milestone.

Acknowledgments

In closing I would like to thank SLSNSW, managers and staff for the great support of the branch and our clubs.

To sponsors DHL, Westpac and ClubsNSW, thank you. To the NSW Government Department of Justice and the Australian Federal Government thank you for gear assistance.

SLSNSW and the Surf Life Saving Foundation thank you for grants and funding.

We acknowledge the general public and donors and thank you for your generous support.

On behalf of the Hunter Branch we would like to wish everyone from across NSW a successful 2018/19 season on patrol.

Henry Scruton

CENTRAL COAST

The 2017/18 season was another outstanding one for Surf Life Saving Central Coast and our 15 affiliated surf clubs as we continue to serve our local community.

I am proud to be able to say that there were no lives lost along the Central Coast patrolled beaches thanks to the vigilance and service of our dedicated patrolling members and lifesaving support operation teams.

Achievements

A significant achievement was the “Recognising our First Female Lifesavers” event which Terrigal SLSC staged to recognise 20 female lifesavers who patrolled Terrigal Beach in the early 1940s while the club’s members were on active duty in World War Two. At this ceremony the remaining ladies or their descendants were finally presented with their richly deserved Bronze Medallions. Congratulations to all involved for making this happen.

SLSCC regard the Quality Club Program as a very important club management tool and we must congratulate Shelly Beach and Umina Beach SLSCs on achieving their “gold level” status. We are also proud of Avoca Beach and Wamberal SLSCs for achieving their silver level qualification, and Ocean Beach SLSC for achieving their bronze level accreditation.

In sport, we were pleased to see the return of the Central Coast Board and Ski Series again this season.

Our other long-term special events, The Newcastle Permanent Ironperson Series and Streets Boat Series continue to be revamped as we strive to stay relevant to our members.

Central Coast athletes performed well across all disciplines whether in the surf, pool, boat, beach or in traditional events recording a number of amazing competitive results.

In the 2016/17 season we implemented a Central Coast Branch IRB Development team. This move paid off 12 months later with more of our clubs electing to participate in the various IRB competitions.

On the beach we experienced a huge increase in beach attendance with nearly 1.5 million visitations recorded throughout the patrol season.

Fortunately, despite this increased workload, our core lifesaving services managed to grow at a pace required to continue to protect the community at Central Coast beaches.

SLSCC has been pro-actively lobbying all levels of Government to mandate wearing of lifejackets for rock fishing to reduce drowning incidents. Pleasingly this vision became a reality in May 2018 when Central Coast council agreed to “opt in” to the new NSW Rock Fishing Safety Act.

Our Education programs play a very important role in up skilling our patrolling members and strengthening our core business of lifesaving.

Our members gained 11,234 awards during the season and we must pay tribute to our many devoted trainers, assessors and facilitators for delivering these courses.

Also aiding in the development of our members is our Board of Member Services team who successfully delivered the Rookie Lifesaver Program, 13-14 Development Camp, Junior Lifesaver of the Year Program, 15-17 Youth Leadership Program and Gap Year Program, all of which are targeted at developing and retaining our youth members.

Acknowledgments

Surf Life Saving Central Coast wishes to acknowledge and thank the NSW Government for granting \$170,000 towards the expansion of the SLSCC Community Education Programmes. These are already making a huge difference to our local community, and we believe that they will continue to do so for many seasons to come.

To the Directors and staff at both SLSNSW and SLSA we thank you for your ongoing support.

We would like to recognise our state and national sponsors; DHL, BRP, Holden, Westpac, Dulux, ClubsNSW and Envirobank.

To my fellow Central Coast Directors, their partners, and to the staff of our branch office we thank you for your dedication, commitment and support of our membership.

Finally we wish everybody a safe season on patrol and look forward to another exciting season in 2018/19.

SYDNEY NORTHERN BEACHES

The 2017/18 season will be regarded as another successful one for our volunteer surf lifesavers. Our members kept a watchful eye on the more than two million visitors to our 21 patrolled beaches across the branch. In the process they conducted 819 rescues (a slight increase on the 781 effected the previous season), administered 2,594 first aid treatments, and performed over 30,000 preventative actions.

Achievements

Seven local clubs (North Palm Beach, Newport, Avalon Beach, Whale Beach, North Steyne, Dee Why and Freshwater SLSCs) were recognised for their lifesaving efforts by taking out the Sydney Northern Beaches Rescue of the Month Award during the year.

Two of these, Whale Beach SLSC in December 2017 and North Steyne SLSC in January achieved recognition from the state body by taking out the NSW Rescue of the Month Award.

Caoimhe Daly (Freshwater SLSC) and Douglas Carroll (South Curl Curl SLSC) capped off their Nippers careers in style by being selected as the SNB Junior Lifesaver of the Year participants.

This season the branch embraced new technology. Our first major change was the roll out of the new digital radio network. The clarity of transmissions is far superior to the previous analogue network, and this is an essential upgrade that enables better communications.

We also witnessed the introduction of the new Samsung tablets with the Patrol Operations App loaded for use by patrols.

In Education there was an increase in the number of awards. SLSSNB now has the largest number of Training Officers, Assessors and Facilitators in the state.

The number of new Education awards increased from 8,820 to 9,093, IRB crew awards increased by nearly 20 per cent over the previous season. There were 93 central venue assessments held across the Branch, 23 members gained their Certificate IV in Training and Assessment, resulting in an increase in the number of Facilitators available to us.

A record 26 members gained their Gold Medallion.

This was the first season that the Member Services panel had two Junior Lifesaver of the Year advisers on the panel with Trae Hare-Boyd and Sarah Kinghorn assisting the branch finalists with their interviews while also helping to prepare our two representatives for the state Junior Lifesaver program.

In sport, the branch has taken a different direction with carnivals, moving away from the traditional combined carnivals to water, beach and craft only carnivals. Subsequently there was an increase in participation in these shorter format carnivals.

There was also the introduction of the Under 14/15 craft into open carnivals and the Fast Fives format, which proved to be a popular decision.

Finally, we had much to celebrate after regaining the NSW Interbranch title. Congratulations to first-year coach Chris Allum OAM, the management team and all the competitors for their success.

Acknowledgements

We are indebted to the NSW Government's Community Building Partnerships program and the NSW Government's Local Sport Grant program. Also, the Cancer Institute NSW for enabling our branch to give our Sun Safety and Surf Safety classroom talks in schools. A special thank you to Rob Stokes MP for supporting our grant applications.

The branch also acknowledges and thanks the leadership team at SLSNSW, in particular President David Murray, CEO Steven Pearce AFSM and the Directors and staff for their support throughout the season.

SYDNEY

The 2017/18 season has been extremely busy for Surf Life Saving Sydney with the main focus this season to ensure we provide relevant value to the 15 clubs in Sydney Branch, delivering on our ongoing commitment to provide leadership and guidance.

Our patrolling members endured a heavy work load this year. The final statistics showed that we recorded 1,547 rescues, almost 40,000 preventative actions, and administered 4,226 first aids.

With more than a million visitors throughout the season, Sydney's popularity as a beach destination shows no signs of slowing.

Achievements

SLS Sydney was named Branch of the Year at the 2017 Awards of Excellence.

We inducted our first ever female Branch Life Members. Congratulations to Joan Vaughan and Margaret Pearce.

Our lifesavers responded to many emergency situations, sadly some with tragic outcomes. What was reinforced through these incidents was the importance of the work we do, and I would like to acknowledge the efforts of all our members for their diligence on patrol.

Our education team has continued to deliver amazing results ensuring that our members are well trained and qualified.

This season also saw a successful Branch Championships and Junior Championships held at Maroubra with a full schedule being completed on both days. I would like to thank Danny Donohoe (Maroubra President) and his team for the management of the two days and for continuing to support the event.

At the 2017 Interbranch Championships held at Stockton SLSC, Sydney fielded a strong team finishing second overall. Congratulations to the athletes, supporters and management for your conduct.

North Cronulla SLSC successfully staged a round of the Nutri Grain Iron Series for a second straight year.

The Member Services team have been working on a strategy to engage more youth and bring female members into key positions within the organisation.

Thanks to Elissa Hancock (Director of Administration) for successfully delivering a revamped Branch Awards of Excellence.

Congratulations to our two Sydney Junior Lifesavers of the Year Riley Porteous (Wanda SLSC) and Sophie Burns (Elouera SLSC). Sophie was later named the NSW Junior Lifesaver of the Year, a wonderful achievement.

Acknowledgments

I would like to take this opportunity to reconfirm that NO LIVES WERE LOST between the flags in Sydney Branch and sincerely thank the club presidents for the continued support provided to me and the Board of Management during the season.

To the Board of Management - Peter Agnew Deputy President, Elissa Hancock Director of Administration, Marissa Saunders Director of Finance and Compliance, Simon Torsellini Director of Life Saving and Education, Wayne Druery Director of Surf Sports, Keith Grima Director of Member Services and Doug Hawkins Director of Junior Development - I wish to extend my sincere thanks for your support and dedication to our branch. To the backbone of the organisation - Linda Perrin and Toni Murphy thank you for the unrelenting support you provide to all the clubs.

I would also like to acknowledge Keith Grima and Wayne Druery for their sustained contribution over the past four years and Marissa Saunders service of the last 12 months.

Finally our thanks to David Murray, SLSNSW President and Steven Pearce AFSM, SLSNSW CEO and his team at SLSNSW for the support they have provided over the last 12 months.

ILLAWARRA

It's been a hugely successful season for Surf Life Saving Illawarra and our 17 clubs. Again we had no lives lost between the flags which is a reflection of the dedication and vigilance of all our members. We had plenty to celebrate this year including a major milestone of the 100th anniversary of our formation as an organisation.

Achievements

Congratulations to the following Illawarra members on being selected for development programs:

Ava Rushton from Helensburgh-Stanwell Park SLSC & Sean Ritter from Scarborough-Wombarra SLSC represented SLSI at the SLSNSW Junior Lifesaver of the Year program.

Meghan Fox from Thirroul & Kaitlin Heanre from Wollongong City SLSC represented SLSI at the SLSNSW Youth Opportunity Makers Workshop Program. Shannon Fox (Wollongong City SLSC) and Morgan Clarke (Woonona SLSC) were appointed as facilitators.

Kassandra Chan from North Wollongong SLSC & Henry Kocatekin from Scarborough-Wombarra SLSC represented SLSI at the Lifesaving Exchange Program - Country to City, with Anthony Turner as a mentor.

Jessica Massih from Austinmer represented SLSI at the 2018 SLSA National Leadership College and received the Multicultural Scholarship.

Hayden Enthaler & Jessica Massih from Austinmer SLSC, Gemma Weidner from Coledale SLSC, Kieran McKay from North Wollongong SLSC & Morgan Clarke from Woonona SLSC were selected to attend the SLSNSW 2017 Development Networking Program.

The Sydney Water Surf Series entered its 16th season with just over 1,100 athletes competing over four rounds in 2017.

Bulli SLSC Open Mens crew again won the George Bass Surf Boat Marathon, making it three consecutive wins.

SLSI was successful with the purchase of a new Duty Officer vehicle through the Community Building Partnership Grants.

The high quality of our patrols this season was evident through our patrol audits with three clubs achieving 100% in each audit conducted.

A major focus this year was to increase our media coverage in lifesaving with regular radio, television and newspaper interviews delivering surf safety messages to the public. Thank you to our Media Advisor, Anthony Turner, with all your efforts in this regard.

2017/18 saw the third consecutive year of the Riding the Wave Program with five Illawarra clubs participating.

This season saw the introduction of the SLSI Member Services Youth "Think Tank", and formation of a SLSI Youth Panel.

Congratulations to Anthony O'Donoghue (Coledale) who won the "Ted Marshall Memorial Surf Lifesaver of the Year" award.

Acknowledgments

I would like to acknowledge and thank our sponsors and patrons for their invaluable support throughout the 2017/18 season. A special thank you to Paul Scully MP, Ryan Park MP and Lee Evans MP for your support in the Community Building Partnership Grants.

Congratulations to our SLSI Life Member Don McAlister from Corrimal, who was inducted as a SLSNSW Life Member at the NSW Championships earlier this year.

I would like to acknowledge and thank the SLSI Board and Advisors for their dedication and continued support throughout the season. Thank you also to our staff for their commitment and support.

Our thanks also to the SLSNSW Board and staff for their support over the last 12 months.

Finally, it is my pleasure on behalf of the board of Surf Life Saving Illawarra to wish all members a safe and successful 2018/19 season.

SOUTH COAST

The volunteers of South Coast branch in the 2017/18 season have continued to provide outstanding service to the community in lifesaving patrols, emergency out of hours callout for search and rescue and provision of branch and club based programs in training, leadership development, junior activities, and surf sport (health & well-being) activities.

Our branch, club executives and management committees have contributed sound leadership and decision making that has continued to enhance our lifesaving operations, and work for the betterment of our valued local members.

Achievements

This year our nine clubs had a combined 3,316 members belonging to our great organisation.

Together they performed 179 rescues, administered 350 first aids, and proactively performed over 1,700 preventative actions.

Junior surf lifesavers Jayden Wells and Torah Boyton both of Shellharbour SLSC capped off their Nipper careers in style by being selected as the South Coast representatives for the 2018 Junior Lifesaver of the Year Development Program. The pair travelled to Sydney's Northern Beaches earlier this year and displayed maturity beyond their tender years. They are a credit to their families, club, and themselves.

Last December the South Coast Lifesaving Team travelled to Stockton SLSC to test their skills at the 2017 Interbranch Championships.

The team competed strongly and finished a credible 7th place overall. Mollymook SLSCs Sam Zustovich continued his impressive sport season claiming the U17 Beach Sprint/Flag double.

Congratulations to the athletes and management for the way they conducted themselves throughout the two-day competition.

I would like to also acknowledge Warilla-Barrack Point SLSC (4th) and Mollymook SLSC (6th) for finishing inside the coveted top-ten at the Envirobank NSW Country Championships held earlier this year. They competed with great enthusiasm and they will certainly continue to build on these performances in the coming years.

Acknowledgments

In writing this report it is important to acknowledge that our branch funding for our operations and support to our clubs is predominately provided through donations and sponsorship from within our community.

Branch further acknowledges the support of the NSW Government in gear and equipment grant funds including the NSW Government funding for Capital and Minor Works for our surf life saving clubs which greatly assists in the development and upkeep of our buildings.

South Coast Branch recognises the importance in valuing the efforts of all our volunteer members and we thank them for their contribution to our communities in knowing there are volunteers committed to providing a safe experience for the community at our patrolled beaches.

In closing I acknowledge the efforts and contribution of the Board of Directors and staff of Surf Life Saving NSW to our organisation.

We would like to wish all of our fellow surf lifesavers from around NSW all the best for the coming patrol season.

FAR SOUTH COAST

It has been a successful, but at times very difficult season for the Far South Coast Branch and our seven clubs. Undoubtedly the biggest challenge we faced was the Tathra bushfires that devastated the community in March 2018, however the response from the local Surf Life Saving family was absolutely incredible.

Achievements

Our members, like all volunteers across the country, contributed thousands of hours this season, and I thank them for their service and commitment to keeping our beaches and communities safe. The compassion, care and professionalism displayed gives me a great sense of pride.

The 2017/18 season was a big year for our members kicking off with the George Bass Surfboat & Ski Marathon (GBM).

With a new committee the event has taken on a new life and all those involved deserve to be congratulated. Renewed interest and enthusiasm saw 25 surfboat crews from locations as diverse as Darwin, Perth and Noosa as well as 16 ski paddlers tackle the 198km adventure. In what was the 20th GBM race, the final run-down will show that 1,500 competitors, support crews and families all travelled to our little patch of paradise.

We hosted and participated in a number of surf sport carnivals and were fortunate to record increased participation this season across all events. Along the way there were a number of outstanding results. Most notably an Aussie bronze medal to the Broulee 140 Mens boat crew and three Aussie golds to Neil Innes and his Batemans Bay rowers. It was an outstanding effort on the part of our crews.

In lifesaving, the key achievement this year was the sheer volume of rescues and callouts undertaken by our volunteers. Most had great outcomes but unfortunately our members witnessed some tragedies in the surf.

I am incredibly proud of the commitment shown by our volunteers.

Wambiri 2018 was our 22nd U14 Leadership and Development program. The new format is proving to be very successful and we think the evolution is almost complete. This year's program included a number of juniors from Mallacoota SLSC in north east Victoria, they had such a great time they invited themselves back!

Other branch youth weekends included two powercraft awareness weekends, a mini search and rescue weekend and an SRC to Bronze camp. These are all proving to be very popular for learning and networking.

Same Wave: the Pambula program has now been running for 20 years. The Moruya group and the new Bermagui program continue to grow. Michele and Peter Bootes have helped develop the program right around the country and should be credited for their efforts.

Congratulations to our Junior Lifesavers of the Year Callum Elliot (Broulee Surfers SLSC) and Ava Weymans (Moruya SLSC) who travelled to Sydney to participate in this vital development opportunity.

Acknowledgments

Surf Life Saving is about the people behind the lifesavers who all make a significant contribution that allows us to do our jobs to the best of our ability.

To Steve Pearce AFSM and his staff thank you for your ongoing support of Surf Life Saving on the Far South Coast.

Andrew Constance, State Member for Bega, also needs to be thanked, for his positive energy and availability.

To our two local mayors Kristy McBain, Mayor of the Bega Valley Shire and Liz Innes Mayor of the Eurobodalla Shire thank you for your support.

I would like to thank my family for their ongoing support in allowing me to continue this demanding role. Their love and support is very much appreciated.

Finally to all our fellow lifesavers, good luck in the 2018/19 season.

NEW LIFE MEMBERS

Robert Asser
Freshwater SLSC

Robert has been a member for 53 seasons and obtained his Bronze Medallion in 1965. He is a passionate advocate for the traditional sports of R&R and March Past and has contributed significantly as a competitor, coach and official over his many years of involvement within the movement.

Gary Daly
Coogee SLSC

Gary Daly joined Surf Life Saving as a Nipper in 1972, and obtained his Bronze Medallion when he was eligible a decade later.

Over the years he has been a member of four Sydney clubs; Burning Palms, Bondi, Coogee, North Bondi and has made many notable contributions across the lifesaving, sport, and education fields.

Ray Petersen
Manly LSC

Manly's Ray Petersen has been involved in many areas of the Surf Life Saving movement since he obtained his Bronze Medallion in 1971.

He has contributed significantly to both the junior and senior club at all levels, and at the turn of the century Ray rekindled his interest in lifesaving's history becoming a founding member of the SLSNSW History Panel.

Wayne Scott
Red Rock-Corindi SLSC

The man known widely as "Wheelie" has been involved in Surf Life Saving for 33 years in two separate stints.

Originally obtaining his Bronze Medallion in 1956 at Port Kembla he has been heavily involved at his present club Red Rock-Corindi and for the North Coast Branch in many roles.

In 2017 Wayne notched up his 20th consecutive season as North Coast Director of Surf Sport.

Geoffrey Forshaw Cronulla SLSC

Geoffrey Forshaw obtained his Bronze Medallion in 1961.

His long association with Surf Life Saving includes a 5-year stint as President of Sydney Branch in the 1980s.

Geoffrey has held almost every leadership position at his beloved club, and today continues in his role as patron of Cronulla SLSC.

Jeffery Hewitt South Curl Curl SLSC

Jeffery has been involved in Surf Life Saving for 53 summers and over the years has been a member of Warriewood, Freshwater, North Narrabeen, and South Curl Curl.

He has been heavily involved at club and branch level including a stint as Sydney Northern Beaches Branch Deputy President.

Donald McAlister Corrimal SLSC

Donald McAlister bleeds Corrimal after having helped the labourers build the clubhouse 62 years ago.

Sitting proudly among his many distinguished achievements is his six seasons of 100% patrol attendance during the 1960s, his 44 years as a competitor, and he credits his love of March Past for giving him many of his greatest memories.

Donald van Keimpema Shelly Beach SLSC

Donald van Keimpema has been a member of Shelly Beach since 1991 where he later served as President.

He quickly developed a passion for surf sports and became heavily involved at a branch, state, and national level.

In 2016 Donald was elected as NSW Surf Sports Director, and was re-elected for a second time earlier this year.

David Unger Ocean Beach SLSC

David Unger's first foray into Surf Life Saving came in 1990 at Ocean Beach SLSC on the state's Central Coast.

He has been a patrolling member of his club since 1995 and spent a decade and a half as a patrol captain, but it is in the area of surf sport where David has really carved a niche.

Over the years he has become one of the sport's most decorated officials having won Official of the Year at a local, state, and national level. His resume also includes the National Medal of Service (2013) awarded by SLISA.

John Wake Coffs Harbour SLSC

John Wake obtained his Bronze Medallion at Urunga SLSC in the 1972/73 season.

He spent eight seasons there on patrol before making the move to his current club, Coffs Harbour in 1980.

At the club John held roles as diverse as IRB captain, club treasurer, and the club's licensee, while at a branch level he has also made a significant contribution in numerous areas including a five-year stint as a Duty Officer and his current role as Director of Finance.

FINANCIAL REPORT

DIRECTOR OF FINANCE REPORT

It is my pleasure to present the audited consolidated financial report of Surf Life Saving New South Wales (SLSNSW) and its controlled entity, Surf Life Saving Services Pty Limited (SLSS) for the year ended 30th June 2018. The result for the year is exceptionally high due predominantly to the inclusion of a \$1.6M gain on fair value adjustment of the organisation's Land and Building based on independent valuation.

Operational and Financial Review

For the year ended 30 June 2018 SLSNSW reported a consolidated surplus of \$3.14M (2017 \$1.48M), which is a 112% increase on the prior year. Revenue for the period increased by 11.3% to \$24.5M (2017 \$22M). This is primarily due to legal recoveries and the revaluation gain mentioned above. Even allowing for the extra nature of these items it is still pleasing that through the efforts of SLSNSW staff the organisation has been able to report a surplus of \$3.14M.

Government Funding

Recurrent funding from the Government has declined from last year as the FACS Community Inclusion was completed in 16/17. In addition the Capital Facilities claims were \$1.29M lower than in 16/17, resulting in income recognition dropping by the same amount. Overall Government funding recognised declined 19% to \$4.8M (2017 \$5.9M). Overall, Government funding represented 21% of total revenue (2017 27%).

During the year the following major operational and capital funding was received and/or announced by the Government:

NSW Office of Communities, Sport and Recreation

Surf Club Facility Development Program - \$4M was offered this year to assist our clubs with much needed building maintenance and construction of new facilities in NSW.

NSW Ministry for Police and Emergency Services

- Ongoing Co-operative funding - \$1.7M to assist state wide operations of SLSNSW.
- Enhanced Rescue Capabilities Grant - \$1.4M to specifically cover emergency response/communications, lifesaving equipment and resources and education.

Australian Government

Through the Australian Government's Beach Safety Equipment Fund, \$10K was directed to every Surf Life Saving Club, totalling \$1.29M for the purchase of vital rescue equipment, first aid and medical supplies.

Fundraising Revenue

Fundraising revenue increased overall by 9% to \$2M (2017 \$1.9M). Unsolicited bequests of \$0.2M (2017 \$0.2M) plus increased donor income from the Surf Life Saving Foundation being the cause.

SLSNSW fundraising distributions to clubs and branches will remain stable with all compliant clubs and branches to receive \$6,078 from 2018 fundraising (\$5,781 distributed in 2017).

It gives me great delight to see the contribution that SLSNSW makes to the clubs and branches through its fundraising distributions. In the last five years SLSNSW has distributed \$33K to every compliant club and branch, which is collectively over \$4.7M.

Sponsorship

In 2018 we welcomed the new key national sponsor Holden plus the continuing partnership with ClubsNSW and retained the support of our other key sponsors DHL and Westpac. Sponsorship revenue over the period increased by 12% to \$1.3M (2017 \$1.1M). This was due to Holden coming on board as a National Partner.

Revenue from Services Provided

Income derived from the provision of services increased 17% to \$9.6M (\$8.9M in 2017).

- Commercial (Lifeguard, Training & First Aid) Operations - revenue increased 8%, due to increased service provision.
- Non-Commercial services revenue increased by 12%, predominantly due to sports services.

Other

Investment income increased \$53K with increased term deposit balances and higher interest rates on offer.

Expenditure

Expenditure for the period increased 4% to \$21.4M from \$20.5M in the prior year. The major reason being a significant increase in staff related expenditure to \$9.9M from \$8.6M in 2017 related to increased service provision to clubs to fulfil grant requirements and commercial contracts. Legal and consulting (\$0.6M) remained constant.

Core Activities

Expenditure on core activities increased by 22% (\$2.2M) noting the component activities changed significantly:

- Lifesaving & lifeguards – increase of 35% due to radio network expenditure and other expenditure associated with Enhanced Rescue Capabilities grant.
- Education and training – increase of 120% due to expenditure associated with Blackspot community education and the Vocation Education & Training grant.
- Member services – decrease of 68% associated with the completion of the Community Inclusion program which came to an end in 16/17.

Management and Administration

The organisation's management and administrative costs decreased slightly, pleasingly we have remained within the benchmark for Not-for-Profits being 25% of total revenue or total expenditure.

SLSNSW's management and administrative costs are 17% and 21% of total revenue respectively.

Distributions

SLSNSW has continued to support clubs and branches through fundraising distributions, in-kind support and direct payments from grants. Distributions assist with capital works, lifesaving equipment, volunteer uniforms and general operating costs.

- Clubs received \$2.5M (70% from grants and 30% from fundraising/donations).
- Branches received \$0.7M (90% from sponsorship/grants and 10% from fundraising/donations).

Distributions make up 17% of total expenditure and equate to 14% of total revenue.

Cash and Deposits

The organisation currently holds \$18.6M (2017 \$13M) in cash or term deposits in accordance with the SLSNSW Investment policy. The majority of these deposits are held in effective trust \$14M (2017 \$8.4M) to cover deferred grants, fundraising commitments or to cover the long term sustainability of SLSNSW, branches and clubs. The breakdown is as follows:

Consolidated SLSNSW & SLSS	Jun 18	
Investment Cash & Deposits	\$M	%
(Effectively) in Trust	\$14.0	75%
Deferred Grants	\$7.3	39%
Deferred Fundraising	\$0.9	5%
L/T Sustainability SLSNSW	\$1.5	8%
L/T Sustainability Clubs/Branches	\$3.9	21%
Employee Entitlements	\$0.4	2%
Working Capital	\$4.6	25%
Total	\$18.6	100%

It is a credit to all those involved that SLSNSW now has \$13.4M in the Sustainability Funds, with \$5.M in cash and \$8M in land. It is a great achievement and we will continue building a fund for the sustainability of our organisation over the coming years.

Thank you

I would like to give a special thanks to all our members and supporters including the NSW and Australian Governments, and our major sponsors Holden, DHL, Westpac, and ClubsNSW. Our achievements would not be possible without you.

In closing I would like to thank my predecessor Philippa Butt and the finance team and my fellow Directors for their assistance and support during the year. In particular Ross Bidenceope, Rebecca Churchill, Carolyn Tremble, and Joanna Johnston for their continued efforts towards the financial governance and security of SLSNSW. Thank you also to the Finance and Audit Compliance Committee for their expertise and guidance.

Paul Bolton

Director of Finance

SLSNSW CEO Steven Pearce AFSM joins Trent Sutton, ClubsNSW to announce the extension of the partnership for another three years.

FINANCIAL REPORT

	378,817	317,713
Motor vehicles at cost	1,573,824	1,487,106
Accumulated depreciation	(913,550)	(603,288)
	660,274	883,818
Total plant and equipment	1,039,091	1,201,531
Total property, plant and equipment	22,300,490	12,149,112

(a) Valuations

The land and buildings at 1 and 3 Narabang Way, Belrose were valued at 30 June 2018. Fair value of the land is estimated based on appraisals performed by independent, professionally qualified property valuers. The previous valuation at 3 Narabang Way, Belrose was performed at 30 June 2014.

(b) Reconciliations

Reconciliation of the carrying amounts of property, plant and equipment at the beginning and end of the current financial year

Freehold land		
Opening carrying amount	6,544,279	6,544,279
Additions	-	-
Net amount of revaluation increments less decrements	8,711,721	-
Closing carrying amount	15,256,000	6,544,279
Buildings		
Opening carrying amount	4,403,302	4,944,781
Net amount of revaluation increments less decrements	1,763,521	-
Depreciation expense	(161,424)	(541,479)
Closing carrying amount	6,005,399	4,403,302
Plant and equipment		
Opening carrying amount	317,713	352,431
Additions	339,624	126,335
Disposals	(51,287)	-
Depreciation expense	(227,233)	(161,053)
Closing carrying amount	378,817	317,713
Motor vehicles		
Opening carrying amount	883,818	1,197,758
Additions	368,428	652,099
Disposals	(192,007)	(522,382)
Depreciation expense	(399,965)	(443,657)
Closing carrying amount	660,274	883,818

FINANCIAL REPORT CONTINUED

NOTE 8: Payables	2018 (\$)	2017 (\$)
Current		
Unsecured liabilities		
Trade creditors	827,787	298,820
Sundry creditors and accruals	1,485,162	690,766
	2,312,949	989,586

NOTE 9: Provisions	2018 (\$)	2017 (\$)
Current		
Employee benefits (a)	571,947	712,907
Fundraising distribution	852,566	800,000
	1,424,513	1,512,907
(a) Aggregate employee benefits liability	571,947	712,907

(b) Description of provisions

The Fundraising provision represents funds raised from fundraising events conducted by Surf Life Saving Australia for which amounts are transferred to Surf Life Saving New South Wales for distributions to be paid to surf clubs in accordance with Board approved decisions.

NOTE 10: Other Liabilities	2018 (\$)	2017 (\$)
Current		
Grants received in advance	5,974,021	3,218,716
Government grants		

Government grants received in advance are predominantly capital facility grants held on behalf of surf clubs. Contractually these grants could be disbursed within 12 months and are therefore classified as Current. In practical terms these grants take an average of 5-6 years to be fully disbursed.

The related funding agreements state that at the terminating date, any unexpended Funding must be repaid, however this has not occurred previously. Surf Life Saving New South Wales liaises with the NSW government for each of the projects referred to on the funding agreement.

NOTE 11: Reserves	2018 (\$)	2017 (\$)
Asset revaluation reserve	8,831,972	-
	8,831,972	-

The asset revaluation reserve is used to record increments on the revaluation of non-current assets.

NOTE 12: Retained Earnings	2018 (\$)	2017 (\$)
Retained earnings at beginning of year	20,503,975	19,023,378
Surplus for the year	3,136,173	1,480,597
	23,640,148	20,503,975

NOTE 13: Cash Flow Information	2018 (\$)	2017 (\$)
(a) Reconciliation of cash		
Cash at the end of the financial year as shown in the consolidated statement of cash flows is reconciled to the related items in the consolidated statement of financial position is as follows:		
Cash on hand	500	500
Cash at bank	6,714,873	7,551,742
At call deposits with financial institutions	1,767,362	1,241,310
Refundable deposits	35,300	35,300
	8,518,035	8,828,852

NOTE 14: Capital and Leasing Commitments

(a) Operating lease commitments

Non-cancellable operating leases contracted for but not capitalised in the financial statements:

Payable		
- not later than one year	76,872	76,872
- later than one year and not later than five years	179,368	256,240
	256,240	333,112

A leasing agreement has been entered into with Fuji Xerox related to office equipment held at Surf Life Saving New South Wales headquarters.

SURF LIFE SAVING NEW SOUTH WALES AND CONTROLLED ENTITY ABN 93 827 748 379

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF SURF LIFE SAVING NEW SOUTH WALES

Report on the Audit of the Financial Report

Opinion

We have audited the financial report of Surf Life Saving New South Wales ("the company") and its subsidiary, ("the Group"), which comprises the consolidated statement of financial position as at 30 June 2018, the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, and the directors' declaration.

In our opinion, the accompanying financial report of the Group, is in accordance with Division 60 of the *Australian Charities and Not-for-profits Commission Act 2012*, including:

- (a) giving a true and fair view of the Group's financial position as at 30 June 2018 and of its financial performance for the year then ended; and
- (b) complying with Australian Accounting Standards - Reduced Disclosure Requirements and Division 60 of the *Australian Charities and Not-for-profits Commission Regulation 2013*.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Group in accordance with the *Australian Charities and Not-for-profits Commission Act 2012* ("ACNC Act") and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* ("the Code") that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

The directors are responsible for the other information. The other information comprises the information included in the Group's annual report for the year ended 30 June 2018, but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

SURF LIFE SAVING NEW SOUTH WALES AND CONTROLLED ENTITY
ABN 93 827 748 379

INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF SURF LIFE SAVING NEW SOUTH WALES

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Report

Management is responsible for the preparation and fair presentation of the financial report in accordance with the financial reporting requirements of the ACNC Act and for such internal control as management determines is necessary to enable the preparation and fair presentation of a financial report that is free from material misstatement, whether due to fraud or error.

In preparing the financial report, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.

INDEPENDENT AUDITOR'S REPORT CONTINUED

SURF LIFE SAVING NEW SOUTH WALES AND CONTROLLED ENTITY
ABN 93 827 748 379

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF SURF LIFE SAVING NEW SOUTH WALES

Auditor's Responsibilities for the Audit of the Financial Report (Continued)

- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation. We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on Other Legal and Regulatory Requirements

Charitable Fundraising Act 1991

In our opinion:

- the financial statements of Surf Life Saving New South Wales show a true and fair view of the financial results of the charitable and fundraising activities for the year ended 30 June 2018;
- the financial statements and associated records of Surf Life Saving New South Wales have been properly kept during the year in accordance with the *Charitable Fundraising Act 1991*;
- money received as a result of charitable and fundraising activities conducted during the year has been properly accounted for and applied in accordance with the Act; and
- there are reasonable grounds to believe Surf Life Saving New South Wales will be able to pay its debts as and when they fall due.
