

Surf Life Saving Australia - Circular

Title:	BRP Powercraft Equipment Grant 2019-20
Document ID:	Circular 39/19-20
Audience:	Lifesaving services, State & Territory centres
From:	Coastal Safety
Date:	16/12/2019

Surf Life Saving Australia is excited to announce the extension of the SLSA and Bombardier Recreational Products (BRP) partnership into its 11th consecutive year. The support from BRP over this 11-year period has resulted in over a million dollars of equipment being provided direct to Clubs, Branches and States/Territory. Without this incredible support, many Clubs, Branches and States/Territory would not be able to function to the high standard they currently do.

BRP is the preferred powercraft supplier and national partner of Surf Life Saving Australia providing Surf Life Saving (SLS) affiliated clubs and services with side-by-side vehicles (SSVs), rescue water craft (RWC) and outboard motors (OM).

The 2019-20 BRP Powercraft Equipment Grant includes a total of **\$360K + GST** worth of equipment for lifesaving services.

Grant Application

SLS clubs and services seeking equipment from the grant are to submit an online application at:

<https://www.surveymonkey.com/r/BRPGRANT19>

Applications open: **Monday 16 December 2019**

Applications close: **Friday 24 January 2020**

SLSA will notify all applicants on the status of their application by **Friday 7 February 2020**.

Payment

Payment is to be made by **Friday 27 March 2020**.

Terms and Conditions:

- Applications must be completed in full by the close date above; no late applications will be received.
- The successful applicants are selected by their respective SLS State/Territory centre and decisions are final.
- Clubs/services selected by their respective SLS State/Territory centre to receive a subsidised unit that wish to withdraw their grant application must inform their State/Territory centre and SLSA prior **Friday 7 February 2020**.
- If payment is not received by the **Friday 27 March 2020**, the allocation will be passed onto another applicant under consultation with the respective State/Territory Centre.
- Some of the equipment will be utilised at State Championships and/or the National Championships (The Aussies 2019/20). Successful applicants that have been allocated equipment used at championships events are responsible for the collection of equipment post event.
- Price includes pre-delivery costs and fitting to SLS specification.
- Prices do **NOT** include State/Territory specific registration fees - this is the responsibility of the club/service after collection of the equipment.
- Prices do **NOT** include freight to the local dealer or from the championship events. The successful applicant is responsible for freight to local dealer.
- The successful applicants will be required to promote the grant through their club channels and may also be required for media that could be generated through the program.
- BRP equipment must be retained by the successful applicant for a minimum of 12 months.
- SLSA will provide the club/service details and the club/service contact details of the club/service representative completing the application form for the purposes of this grant only.

SEA-DOO
EVINRUDE
CAN-AM

BRP EQUIPMENT GRANT

BRP wishes to take this opportunity to thank all volunteers and members of the SLSA. We value your service and our continued partnership. BRP has delivered over \$1 million worth of essential lifesaving equipment to over 160 Surf life Saving clubs.

As the market leader and innovator; BRP product development embraces the SLSA's patrol and rescue needs. Be it through Evinrude's ability to restart after being submerged or the added performance and stability Sea-Doo PWC has to offer. BRP is committed to ensure our products continue to provide you the edge when it comes to your efforts...
