Litres for the Land

Your local club has now raised enough money to deliver 2,870 truckloads of water to drought-affected communities. The water will be transported to the bush, and provided for free to farms and families that need it the most. Help show rural Australian families they are not alone by supporting the Litres for the Land appeal.

Litres for the Land

Your Local Club and 2GB have come together with Team Rubicon Australia to conduct the Litres for the Land appeal, aiding drought-affected communities.

Local Clubs Are Back!

It's been a little while, but we're happy to say NSW clubs are open again. Welcome back to family dinners, birthdays, catching up with friends, meeting the kids and all those things we love and have missed during the Coronavirus lock down.

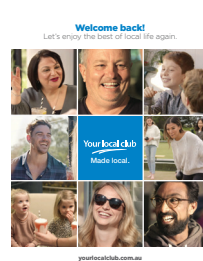

[Visit the Your local club Website](#)

Clubs & Community Awards

Over many years, registered clubs right across NSW have built close relationships with their local Surf Life Saving clubs. The support provided by clubs enables the continuation of vital lifesaving activities, as well as a number of other programs and initiatives. The Clubs & Community Awards is your opportunity to recognise and thank a partner club for their assistance - check out the categories and let us hear your story!
