Training Resources	
<ul style="list-style-type: none"> <li>At least 1 x UAV for every 4 course attendees (plus 1 spare per course)</li> </ul>	

- A projector or large TV for displaying learning content (to be supplied by the training venue or Branch)

**Please outline what equipment you have and what you need**

--

**Course requirements**

In order for the course to be delivered effectively, the following is required:

- Instructor/Probationary Instructors will be approved and appointed by SLSNSW;
- A minimum ratio of 1:6 Facilitators to participants;
- A venue with sufficient breakout rooms for the number of small groups required (**maximum of 6 participants per small group**). Note that this will determine the course size. The recommended **maximum number of participants per course is 12 and minimum of 8**;
- Sufficient training equipment for the number of small groups;
- All paperwork is to be returned to Surf Life Saving NSW within 7 days of course completion for validation and processing;
- A venue in a Class G airspace suitable for close proximity training in small groups;
- Approval from land managers;
- Certificates will be issued to individual learners by Surf Life Saving NSW and recorded on SurfGuard.

I agree the training program will be delivered in accordance with Surf Life Saving NSW UAV Operator Induction Program course procedures.
