Subject:	Live Heats webinars

SLSNSW has entered into a license agreement with Live Heats to assist delivering exceptional carnival experiences for athletes, officials, coaches, and supporters. Many will be familiar with the Live Heats platform, particularly after a highly successful pilot of the technology at The Aussies in 2022.

As part of the implementation process, it is critical relevant Club and Branch personnel have adequate access to Live Heats training and resources. Live Heats are hosting the following Branch specific training sessions for NSW Club and Branch Administrators. It is particularly important that the following Officials Roles are familiar with the Live Heats platform; Sectional Referees, Starters, Marshalls, and Recording Judges. Further training requirements will be assessed as needed.
