

Memorandum

To: All Members
From: George Shales OAM - SLSNSW President Steven Pearce AFSM – SLSNSW Chief Executive Officer
Date: 19 September 2022
Pages: 1
Subject: Revision to the SLSNSW Members Covid-19 Vaccination Policy

As advised to members in July 2022, the Surf Life Saving NSW Board has revised its position in regard to the current SLSNSW COVID-19 Vaccination Policy and will now be a policy position of ***strongly recommending and encouraging full vaccination and booster status.***

The SLSNSW Board has now confirmed the required administrative and governance arrangements and we can now confirm the attached policy is effective as of 19th September 2022.

Part of the governance arrangements which have been addressed is a new SLSNSW Regulation, Regulation 3d will read:

3d. *In accordance with Annexure 10 – Surf Life Saving NSW Covid-19 Vaccination Policy- Members, all members undertaking front line activities who have any pre-existing medical condition which may make them more susceptible to serious illness should they contract a COVID 19 infection must advise SLSNSW either as part of the membership renewal process or immediately when they become aware of such a condition*

Please find attached the [new SLSNSW Vaccination Policy](#). This policy can also be located within the SLSNSW Regulations as Annexure 10.
