Random number and pre marshalling information

Your athlete number will change each event

It's the responsibility of the athlete / Team Manager to know your random draw number! This can be done using any device with internet via liveheats.com

Do NOT forget your random draw number OR your wristband!

Once you hear the FIRST CALL for marshalling, approach the marshalling area in high visibility rash vests and club cap

MARSHALLING

Important information

NO team changes at marshalling

Team changes must be made at the administration centre **BEFORE** the first marshalling call

*SW 47
B 161*

Remember your random draw number!

We suggest writing your random draw number on the athlete's hand
Eg. SW (Swim) 47,
B (Board) 161 etc.

Athletes will be scanned into a marshalling pen

Once you enter you can't to leave until you are called to the start line

No parents, team managers are permitted in this area

Marshalling Officials will confirm your participation in the event by scanning of the wristband as you enter the marshalling area

Once marshalling has finished, heats will be drawn and event progression announced by marshal

Marshalls will use your random draw number to assign you to your heats, **NOT** calling names individually!

Craft NOT permitted in marshalling area

Once the first heat is assigned they are instructed to collect craft (if required) and go straight to the line

A line marshal will ensure you are in correct order

Marshals will continue to assign the remaining heats in the marshalling area

Stay in your heat when you have been lined up!
